Corporations Offer ND Scholarships

Notre Dame, Ind.—Due to the increase of significant graduate work at the University of Notre Dame, a number of corporations are offering fellowships to graduate students. Two corporations have just renewed fellowships; one in metallurgy and one in chemistry.

THE UNION CARBIDE and Carbon Corporation has just renewed for the fifth year the Fellowship in Metallurgy at Notre Dame. The total amount of the fellowship is $2,500, part of which will be used to cover the recipient's living expenses, as well as tuition, fees, and supplies.

Mr. Clifford Barker will be continued on the Fellowship for the year 1952-1953.

THE ELI LILLY & Company has also renewed the Fellowship in Chemistry at Notre Dame. This fellowship is under the direction of Dr. Charles C. Price, former head of the Department of Chemistry at Notre Dame.

This Fellowship amounts to $4,400, and will be used to cover the living expenses, tuition, fees, and supplies for two Fellows. The awarding of these fellowships is still being considered; some decision is expected to be made about September.

POPE PIUS XII

Woman Chief Target Of 'Mass' Absorption Trend

Cologne, Germany — (NC) — Woman has become the principal target of a "destructive tendency to absorb the individual in the mass," His Holiness Pope Pius XII has warned.

He gave his warning in a long-hand letter written to the German Association of Catholic Women which held its convention here.

THE HOLY FATHER'S letter stated:

"It seems that there is a conspiracy to make it difficult for all men and Christians to safeguard their personal dignity, nay, even to make it impossible.

"Technology and the business of advertising and mass propaganda in radio and motion pictures hardly afford a rest to the senses and prevent concentration on one's inner self. A type of man is being developed who cannot stand to be alone with himself and his God for even a single hour . . . The individual is being absorbed by the mass."

Matrimony and the family, the letter said, "have already suffered severe inroads such as the Church has never experienced before . . . Let us make no mistake. European culture will be Christian and Catholic without dilution, or else it will be devoured by the prairie fire of a materialistic culture which has no regard for anything but the mass and physical violence."
