fundamentally wrong," he continued. "It is contrary to the natural law, which is divine law. The small good that it may have served for the innocent victim of unfortunate marriage becomes insignificant compared with the darnage it has made possible to the institution of the family." IN HIS PROPOSALS for curb-

ing the incidence of divorce in New York, Justice Walsh included the suggestion that premarital instruction courses "such as. Cana Conferences" be promoted; that the har "effect honest and rigid enforcement of laws preserving the marriage bond," and that separation laws be strength-ened as far as possible to allow the same benefits in separation concerning support and property rights as may now be obtained in divorce.

"If we are going to prevent family breakings," the judge said, "let us should one of the greatest eaves, which is ignorance of or owned of a or indifference seward, the true purposes the married of married o Set us restore to of of security, while
