followers of Mohammed. Many did in order to save their lives.

Naturally those who were "converted" to Moslemism re-

turned to their native lands and became spreaders of Mos-

lemism. This accounts for some Africans being Moslem today. The prospects are not too bright today for the Missions, Black

Africa has a population of 130,000,000. Out of this number.

13,000,000 are Catholics and over 28,000,000 are Moslema. In

other words, the Moslems number about 22% of the population

Looking back over a period of 20 years, despite our mis-

sionary efforts, we have not kept pace with the growth of the

Moslems. In that period of time, the Moslems increased 9%

and the Catholics only 4%. This means the Moslems are con-

verting the natives of Africa twice as fast to Mohammed as

Africa will be the most important continent in the world in

less than 75 years and also the richest. What it will do for the

peace of the world depends on whether these good people follow

a code which permits them to have four wives and as many con-

cubines as they desire, or a code in which loyalty and fidelity in

become vicarious missionaries in Africa by sacrificing some of

our substance to help spread the falth and belief in Our Lord

and His Blesned Mother. Giving alone is not enough, because

in giving we part with only a thing; in sacrificing we give a

part of ourselves. And every bit of our heart that goes to

Africa out of love for souls being Africa more than a bit of

what we gave from our pocket alone. Africa is full of souls

and each of them is as important to the Saviour as the souls

in London or New York. To redeem them in union with the

Cross, we have to have a cross in our lives and that is what
