## GOD LOVE YOU!

By MOST REV. FULTON J. SHEEN

It is hard to believe that the Civil War in the United States is still effecting our Missions in Africa, but that is the truth. Most of the slaves that were sold in the Southern States came from Africa. Those who were taken from the West were dragged through the hot sands of the Sahara. Even to this day the caravan routes are strewn with the white bones of men with black skin who were being sold by white men with black souls. Other slave caravans which came from the East and Central Africa headed toward Zanzibar. The Moslems sometimes met these slave caravans and promised them exemption from slavery if they became followers of Mohammed. Many did in order to save their lives.

Naturally those who were "converted" to Moslemism returned to their native lands and became preachers of Moslemism. This accounts for some Africans being Moslems today. The prospects are not too bright today for the Missions. Black Africa has a population of 150,000,000. Out of this number, 15,000,000 are Catholics and over 28,000,000 are Moslems. In other words, the Moslems number about 22% of the population and Catholics about 10%.

Looking back over a period of 20 years, despite our missionary efforts, we have not kept pace with the growth of the Moslems. In that period of time, the Moslems increased 8% and the Catholics only 4%. This means the Moslems are converting the natives of Africa twice as fast to Mohammed as we are to Christ.

There are some reasons for this. Every Moslem merchant is a missionary, but not every Catholic is a missionary. A Moslem not only buys and sells goods or silks, he also sells the Koran. Very few Catholic businessmen in Africa ever try to convert a soul.

Africa will be the most important continent in the world in less than 75 years and also the richest. What it will do for the peace of the world depends on whether these good people follow a code which permits them to have four wives and as many concubines as they desire, or a code in which loyalty and fidelity in marriage become the backbone of the social order.

There is something we can do about this, and that is become vicarious missionaries in Africa by sacrificing some of our substance to help spread the faith and belief in Our Lord and His Blessed Mother. Giving alone is not enough, because in giving we part with only a thing; in sacrificing we give a part of ourselves. And every bit of our heart that goes to Africa out of love for souls helps Africa more than a bit of what we gave from our pocket alone. Africa is full of souls and each of them is as important to the Saviour as the souls in London or New York. To redeem them in union with the Cross, we have to have a cross in our lives and that is what we mean by sacrifice.

**GOD LOVE YOU** to Mrs. F.M.D. who sold a suit of clothes she didn't need and sent the money to the Missions. . . **GOD LOVE YOU** to J. C. "I am ten years old. I cleaned a boy's bicycle for 50c and am sending it to you for the Missions." . . **GOD LOVE YOU** to E. W. "I received \$25 a day's wages for the Missions in preparation for my sine and that my fiancée became a Catholic." . . **GOD LOVE YOU** to M. B. "I have not used my auto for the past two weeks so I am sending the Missions the \$2 I would have spent for gasoline."

Pray for Africa. The green beads on the World Mission Rosary will remind you. Give them also as gifts to your friends. At your request and an offering of \$2, we will send you a World Mission Rosary blessed by me.

Write to us about an annuity—no bank is safer—your interest will be high, and then at your death you take your money with you in the sense that because you leave it to the Holy Father, it is given to the credit for your soul on the day of judgment.

Cut out this column, pin your sacrifice to it and mail it to the Most Reverend Fulton J. Sheen, National Director of The Society for the Propagation of the Faith, 109 East 38th Street, New York 16, New York, or your Diocesan Director, Very Rev. Magr. John S. Randall, 50 Chestnut Street, Rochester, New York.
