## Infirmary Aid **Provided Sick** At St. Ann's

The demand for infirmary care for the aged has increased alarmingly during the past few years. This is owing to ad-vancement made is medical science. Statistics tell us that the need for care of the infirm aged will be increased greatly in the next five or ten years, and the various institutions must prepare for this condition.

St. Ann's Home for the Aged, at present, can comfortably accommodate and adequately care for fifty infirm guests in the infirmary. The infirmary is well equipped and serves the It consists of three floors, situated at the southern end of the building, easily accessible to visitors, and convenient for ambulance service when this is needed.

The infirmary is pleasantly laid out in twenty single rooms, seven two-bed wards, and four four-bed wards, having a total capacity of fifty beds.

The beautiful sunny bedrooms, the ample sun pariors, the wide corridors, all provide for the proper care of the sick and infirm and add much to the comfort and happiness of the guests,

Guests in wheel chairs enjoy the radio and television acts in the sun parlors. They assemble there in the evenings for the Rosary and many prayers which are offered for their own needs and those of others.

Lavatories, utility rooms, diet kitchens, nurses' rest-rooms and pharmacies are centrally located on each hall. Cherry rest rooms supplement the recreation space provided by the sun-periors. Presently serving at St.

St. Ann's Home Boasts Modern Laundry Facility

Careful consideration of the old axiom, "cleanliness is next to Godliness." will settle conclusively, any argument to the contrary. Certainly, all of us, even in

our most inert moments, feel far more comfortable when we are surrounded by order, precision, neatness and cleanliness. This fact underscores the importance of the laundry at St. Ann's Home for the Aged.

By no means, is the laundry least in the type of service essential in the operation of an institution such as St. Ann's. Situated as it is, to the rear of the Home Buildings, the laundry building is not at all discernable to any one entering the front door of the Home. The laundry is a "behind-thescene" facility without which the institution of St. Ann's could not function.

side.

St. Ann's laundry is in a other articles of clothing. building separate from the Home. This building is fireproof in construction and its two floors provides a total of 3,500 square feet of floor space. A fire escape from the second foor is provided on the East vided.

The equipment in use which is commercial in size and construction, consists of three large size washers; one extrae-

tor; one tumbler; a large size drying room; and an 8%-foot mangle. The equipment is maintained by an expert mechanic, and the operators are protected by the instalation of adequate safety devices.

An Otis electric elevator provides transportation from floor to floor for the baskets of laundry.

All sorting of flat, laundered work is done on the first floor. On the second floor, the fine, hand ironing is done by a staff of trained workers. A real treat is in store for one who visits this second floor on any one of the ironing days. Rows upon rows of hand ironed dresses, or stacks of crisp, hand ironed men's shirts can be seen. Any housewife can imagine what a chore it is to iron 150 dresses, or 75 men's shirts, to say nothing of the hundreds of pieces of

Nor are the workers forgotten in the layout. On the south east side of the second floor a cosy, comfortable corner with easy chairs for relaxing during rest and lunch periods, is pro-

nursing care. The Home admits participants of old age assistance as well as those able to pay full or part of the cost of care. Medical care, religious service, and recreation are provided.

> done. The result, a greater glory to God. whose resting place it is, and a chapel where the old folk's lives will be gladened and enriched as they kneel to adore and praise their God. The chapel at St. Ann's Home for the Aged, recently re-

> decorated, is a haven of rest and spiritual comfort for the dear older people who reside at the Home.

It is most edifying to see their humble, silver heads, bowed profoundly in adoration / before the Blessed Sacrament. This adoration is almost perpetual, from early morning Mass until evening assembly for the rosary, the special prayers to Our Lady, as well as to the patron. Saint Joseph. Our Dear Lord must be greatly pleased when He sees from His tabernacle home, these beloved old friends of His, praying for their needs and for the needs of others. Never is He left alone during the day, Each morning nearly everyone receives the Bread of Life to sustain the soul during the lonely hours of the day. They pray without apparent weariness or distraction, never counting the time. Their prayers must rise like incense to the throne of the Divine Majesty in highest heaven, to bring back to them, His message of love and mercy.
