

Problem In Hospital Cost

ROCHESTER (NY)—Hospital care in America is unaffordable because adequate provisions have not been made for people unable to purchase prepaid hospitalization protection.

This problem was keynoted by Mrs. Donald A. McGowan at a national workshop conference on financing hospital care for non-White and low-income groups.

Voluntary hospitals and public and private welfare agencies are daily confronted with persons needing hospital care but unable to pay for it.

Catholic TV Chapel Planned In Boston

BOSTON (NY)—Archbishop Richard J. Cushing told 8,000 persons at a world mission exhibit here that the Boston archdiocese will open the first Catholic TV chapel in the country.

The archbishop said the TV chapel would be constructed near his residence.

He will televise the Holy Eucharist of the Mass each Sunday morning. Archbishop Cushing said: "At least once a week, we will present a missionary program. And through the work, we will bring the people of the Mass to the Church."

He explained that the chapel would be "equipped with all the modern, air-conditioned, our own pipe and over other equipment—completely ready to reach out to the world through television."

The chapel will be financed by the sale of bonds and other contributions. It will be located upon Anthony John J. O'Mara, S.C.C., of Philadelphia.

Diocese Of Buffalo Plans Aid To Migrant Workers

BUFFALO, N. Y.—(NY)—The Buffalo diocese will conduct an extensive educational, religious and recreational program among more than 2,000 migrant workers who will come to western New York from Puerto Rico this summer.

Bishop Joseph A. Burke, in announcing the program, also disclosed that three Buffalo-area seminarians, to be ordained here May 30, will be sent to Puerto Rico for one year of missionary duty.

The seminarians' program among the migrant workers will be directed by Father John J. Neylon, director of the Dominican Missionary Apostolate and chaplain to the Spanish-speaking people.

Father Neylon will be assisted by two priests, one of whom spent 18 years in Puerto Rico; five seminarians, all with a knowledge of Spanish; and 11 Spanish-speaking lay volunteers. Many of the latter volunteered as a result of a conference called at Canisius College last January by Bishop Burke.

PRESENT PLANS call for Masses on Sunday with instructions in Spanish in various locations, to reach as many workers as possible.

Church Leaders Hail Ike's Bid On Refugee Aid

NEW YORK—(NY)—Protestant and Catholic leaders here commended President Eisenhower's action in urging Congress to pass emergency legislation permitting 240,000 additional refugees from western Europe to enter this country.

Magr. Edward E. Swanson, executive director of War Relief Service-National Catholic Welfare Conference, hailed the President's message.

"I know that all of the voluntary agencies who have been helping bring displaced persons to the U. S. are very gratified over seeing the President take the leadership in this matter," he said.

"Because of our knowledge of the various quarters of the globe, we know how much legislation is needed. It will be a further expression to other countries of America's leadership in an effort to solve this pressing world problem."

Dr. Walter Van Kirk, executive director of the National Council of Churches' department of international justice and goodwill, said he believed that the President's proposal will be supported by "the great majority of the people of our churches."
