Nun-Teacher Shows Canaries On TV Program

Schenectady, N. Y. - (NC) Live canaries and nuns have been a television feature here as part of a daily educational series of telecasts. For her shows on the "Get

Acquainted With Nature" series, Sister Grace Margaret of St. Rose College brought dozens of canaries and parakeets bred in the college laboratories to the studios of station WRGB.

The birds were used by the Sister-teacher of biology in her talks on "The Message of Canaries", "Breeding Canaries at Home", and "Why Some Birds Sing and Why Some Birds Talk."

Pupils and Sisters of the College have been featured regularly on other educational broadcasts produced daily for home and school viewers by the Mohawk-Hudson Council on Educational Television.
