By MOST REV. FULTON J. SHEEN

COMMUNISM is successful in winning many to its cruel tyrvariny because it has stolen the greatest presention of Chris-Manity. Communism has stolen the Cross! While we were sleep ing. Mark, the nimeteenth century Judas, took not a pure, but the world's symbol of sacrifice. The result is that modern Christhatity preaches a Christ without a Cross, a Jesus who is not i Saviour, and a Teacher who is not a Redeemer.

In the meantime, Communism takes the Cross without Christ, and in the name of Satan bids men deny themselver to establish the Kingdom of anti-God on the earth. The 87 Communist members of the French Parliament inspired by this Christless cross turn over their salary to the Communist Party; some rich men in America sacrifice vast sums to spread the anti-religion of Communism; the young fanatics in China promise not to wear shoes and never to

The Christ without the Cross is anti-Christ; the Cross without Christ is sacrifice for the make not of love but hate! Until we unite both the Cross and Christ in our lives, we will never conquer Communism. Were we not called "to be conformable to His Death" and to "the fellowship of His sufferings"? Where are our sacrifices? Where is our Cross? Without the shedding of blood there is no remission of sins."
