The seals contain the simple message, "1954 is Mary's Year." Organizers of the project Catholic leaders of this area, are no novices at such a campaign. In the past two years they have prepared and distributed millions of "Put Christ Back Into Christ mas" seals in this country and Canada as well as many companion billboards and posters depicting the nativity scene.

Profanity On Stage, In Novels Deplored

New York - (NC) - The

practice of making "free and easy use" of the sacred name of Jesus, "particularly on the stage and in novels," was characterized as an attempt "to achieve a bogus realism" by Msgr. William T. Greene here. Preaching at a Mass in St. Patrick's Cathedral, of which he is assistant administrator, Monsignor Greene said if men would "but understand and pray the motto inscribed on our coin, 'In God we trust,' instead of seeking a cure for the internal and international problems of the world in silver and gold" they would find "individual peace of soul an everlasting peace among nations."
