GOD LOVE YOU!

By MOST REV. FULTON J. SHEEN

TOW would we react to a persecution in America, if such a cross were given to us? A Eurpean writer recently stated that we would fail because we believe in a "Catholicism without crisis", that is, in a religion without a Cross. We wish that writer could read deny memselves luxuries and necessities in order to make a sacrifice for the Holy Father's Missions. These friends of The Society and answered by the priest,

dren are doing now. One young girl about nine years of age was saked to "renounce the imperialistic priests". The persecutors said to her: "Your choice is between signing and denying your country". Her answer was: "My decision was made a long time ago. It is for you to choose between sending me to prison or deporting me to Siberia." Another girl twelve years of age missed school on Sunday to attend Mass. She was beaten by her Communist teacher before the class, The next day in protest against the unjust brutality of the Communists, the whole class, including many pagan teachers attended Mass.

The Cross of Our Lord has lovers everywhere. Take the busi nessman who recently came to our attention. Whenever he eats in a restaurant, he always chooses the cheapest items on the menu, regardless of what they are, in order to make a dialy sacrifice for the Holy Fathers Missions. Maybe we know only the good ones, but that is also because it takes a good person to make a sacrifice to help our missions in Africa and India and elsewhere,

Did you know that Mission magazine has over five million readers? Are you one of them? If you are not one of the five million who read our magazine Mission, would you like us to send it to you? We will be glad to do so but only if you request this interesting and inspiring liftle book with your sacrifice offering. Don't forget to include your name and address.
