GOD LOVE YOU!

By MOST REV. FULTON J. SHEEN

The course of instruction in America, if such a cross will merely outline the chief truths of the faith and each sesis, in a religion without a Cross. We wish that writer could read the thousands of letters we receive every day from our faithful who. deny themselves luxuries and necessities in order to make a sacrince for the Holy Father's Missions. These friends of The Society for the Propagation of the Faith are already "martyrs" in spirit.

Our children would react to persecution as the Chinese children are doing now. One young girl about nine years of age was asked to "renounce the imperialistic priests". The persecutors said to her: "Your choice in between signing and denying your country". Her answer was: "My decision was made a longtime ago. It is for you to choose between sending me to prison or deporting me to Siberia." Another girl twelve years of age missed school on Sunday to attend Mass. She was beaten by her Communist teacher before the class. The next day in protest arainst the unjust brutality of the Communists, the whole class, including many pagan teachers attended Mass.

The Cross of Our Lord has lovers everywhere. Take the businessman who recently came to our attention. Whenever he eats in a restaurant, he always chooses the cheapest items on the menu, regardless of what they are, in order to make a dialy sacrifice for the Holy Father's Missions. Maybe we know only the good ones, but that is also because it takes a good person to make a sacrifice to help our missions in Africa and India and elsewhere.

Did you know that Mission magazine has over five million renders? Are you ome of them? If you are not one of the five million who read our magazine Mission, would you like us to send it to you? We will be glad to de so but only if you request this interesting and inspiring little book with your sacrifice offering. Don't forget to include your name and address.
