

That Good Feeling...

Giving... serving... each brings "that good feeling", and assurance that someone who needs a helping hand will get it.

Here, in the words of some Eastman Kodak volunteers who help with the work of 75 Community Chest agencies and the Rochester Chapter of American Red Cross, are firsthand expressions of appreciation to those whose contributions make it possible for them to serve.

Miss Mary Rita Waterhouse
KODAK PARK

"Nurses' aide work is a wonderful example of how Chest-supported hospitals and the Red Cross work together for the good of all. I've been an aide at Genesee Hospital after my working hours for two years. My job is to help the nurses wherever non-professional help can be given. This allows the hospital nurses more time for their important work. The Red Cross trains us; the hospitals put us to work."

Paul Von Bacho
CAMERA WORKS

"From 37 years' experience I know that Boy Scout work deserves all possible support. The boys in this picture are at the Rochester School for the Deaf, also a red feather agency. They're getting ready for a week-end camping trip. As a board member of Otetiana Council and a district camping chairman, I've seen evidence for many years of what Scout work can do to build fine boys."

Miss Barbara Tschume
NAWX-1176 WORKS

"For six years I have transported veterans, servicemen, other volunteer workers, and entertainers—wherever the Red Cross office has scheduled me to go. Though an evening volunteer driver need serve only 50 hours a year, my total time per year has been nearer 150 hours. This indicates my personal satisfaction in the work and my belief that it is worth-while."

Richard Schoenfelder
NAVY ORDNANCE DIVISION

"Learning to swim is a fine sport, and—a necessary safeguard. Since 1947, I've taught swimming about 20 hours a week on evenings and week ends at the Monroe Y.M.C.A. pool. I am a qualified Red Cross instructor and also hold an aquatic director's certificate in Y.M.C.A. work. It's a good example of how the Red Cross and a Community Chest red feather agency work together."

Miss Jean Gudat
KODAK OFFICE

"Hundreds of servicemen stop at the USO lounge in the New York Central depot for a snack, a cup of coffee, and a chat between trains. On week ends, many spend their time at the Y.W.C.A.—USO enjoying music, dancing, television, and a variety of sports. Wherever they are, they count on the USO hostesses. This Chest-sponsored work has proved itself worth-while... and worth supporting."
