ID YOU EVER WONDER why St. Thomas doubted the Resion of Our Lord? Perhaps this was the reason. When Our Lord first appeared to His Apostles, the Gospel says: ins was not with them when Jesus came." This suggests more than mere accidental absence, but was rather a failure in apostolic duty. He lost what the others gained, When you are full of doubts, melancholic or pessimistic as Thomas was, the werse thing you can do is to go off by yourself. If a fire is going out, push the dying coals closetogether and they will break

Our Lord told Thomas his doubt was not due to an absence of sumdent evidence to believe in the Ressurection; it was rather due to the attitude of his heart. Wait not like Thomas till you see more scars in the hands of Christ of China.

Get rid of your sadness by uniting yourself with the 100. it maintionaries who are laboring for and with Our Lord and Mother. Cut yourself off from the Missionary Church and yet will either rust or become eccentric. In the innguare of the Gospel "Jesus is coming" now to Africa, India, Indonesia, man, Japan, Be with Him, Deny yourself a smoke, a soda, weir first raise in salary, a new hairde and send the equivalent
