Diocese To Experiment In Use Of Classroom TV

Pittsburgh, Pa. — (NC) — The Diocese of Pittsburgh will cooperate during the next school year in an experiment to determine the value of television as a medium of instruction.

Joining in the pioneer effort with Station WQED, a community-sponsored educational TV station will be classes of fifth grade pupils in three Pittsburgh public schools, two county schools, two independent schools and one parochial school.

SR. MARY GABRIEL, S.S.J., nearby Mt. Lebanon, has been selected by the Catholic School Board as the diocesan representative in which the experiment will be conducted beginning in September of this year and continuing until the close of school in June, 1956. One of the fifth grade classes at St. Bernard's will take the course in by-pass with the help of television instruction while the other fifth grade classes will continue their studies in the normal classroom manner.

The children in the selected class will take arithmetic for five 40-minute periods a week; reading for six 40-minute periods a week, and French for five 20-minute programs a week. There will be no textbooks in the French course. Their other studies will be taken in the usual classroom manner.

SELECTED AS the classroom teacher for the experimental television class has been Sister Mary Gabriel, S.S.J., of the School Sisters of St. Joseph.

The experiment will be carried out with the financial help of grants contributed by Ford and Mellon educational trusts.
