

Notre Dame's marquee entrance is popular meeting place during recess.

PROTECT YOUR CHILD

WITH

The All-American Safety BICYCLE POWER BRAKE

AWARDED PARENTS' SEAL OF COMMENDATION

This revolutionary new coaster brake actually provides 32% more braking power. Think what this means in safety for your child! A small child weighing 68 pounds has the same braking power as a 100 pound child, since less pedal pressure is required. It has every feature your youngster wants, too—quicker get-away, two speeds for easier pedalling and power braking.

When you buy a new bike, make sure your child has the added protection of this great new safety brake by insisting on a bike equipped with the new Bendix Multi-Speed Power Brake—a product of Bendix—world's foremost producer of brakes.

Christopher Lynch

Noted Tenor Slated First In Auditorium

Christopher Lynch, internationally famed Irish tenor, will present a program of concert favorites on October 2 in the auditorium of Notre Dame High School. Mrs. Elizabeth Bacon, well-known local concert organist, will precede Mr. Lynch's appearance with preliminary musical offerings at the organ.

The program will mark the first occasion to open the auditorium to the public, exclusive of the dedication exercises on September 21.

The Elmira Third Order of Saint Francis is sponsoring the concert. Proceeds will be used for the purchase of a piano suitable for the auditorium. The initial dramatic presentation of a professional nature on the stage of the new Notre Dame High School is booked for October 27.

Scenes from 4 Shakespearean plays will be presented by Mr. Good and Miss Dianne who play these roles in summer theater and do excerpts professionally throughout the year.

Their dramatic program will be the vehicle for entertaining parents of the student body when the faculty greets them as a group for the first time. Tours of the building are scheduled for the same evening so that parents will have an opportunity to examine the many interesting and beautiful features of the new Notre Dame.

CONGRATULATIONS SISTERS

The local enthusiasm for the new Notre Dame High School has reached an all-time high. Even the skywriter cannot resist penning his congratulations in the blue September sky.

The Sisters of Mercy deserve the plaudits of everyone in the great accomplishment in education for the boys and girls of Elmira.

You will note that the facing brick at Notre Dame High lends picturesque substance to the great structure. An excellent choice, Sisters. Congratulations!
