

Specialization In Form Of Clubs Keeps Students Informed In Chosen Fields

By **ELAINE GRIFFIN '57**,
Co-curricular activities offer added interest and valuable experience for students in each of the specialized departments represented on the Nazareth College campus. With this in view,

departmental clubs have been organized, and a special Thursday every month has been designated for club meetings.

During the past week several clubs have had meetings at which speakers gave talks on a pertinent topic or members made plans for future activities.

MEMBERS OF the Secretarial Club told of their experiences at their summer jobs at their first official meeting. President Beverly Heler of Rochester, announced plans for a get-acquainted meeting for the new members, and reported that a speaker will be engaged for next month's meeting.

The Secretarial Club has provided literature for its members, on jobs for business students, and has arranged for a bulletin board on careers available in the field. During the year, the club

will tour offices and companies for comparisons in technique. Vice-president is Shirley Serro, Rochester, and secretary-treasurer is Barbara Brownyard of Hamilton.

A **DISCUSSION** of dolls by Mrs. Rudolf Siebert, President of the National Federation of Doll Clubs, Inc., highlighted the meeting of the Sociology Club.

President Jacqueline Haubner, Rochester, has announced that speakers have been engaged for their monthly meetings. Club members are looking forward to the next meeting when Dr. Wellington W. Reynolds, who is the Clinical Director of the Rochester State Hospital, will talk to them on the importance of mental health to college students.

Secretary-treasurer of the Sociology Club is Bernice Gianforti, Rochester; leading the discussions at each meeting is Rosemarie DeFranco, Rochester, head of the reception committee. Joan McGrath, Rochester, Publicity is handled by Jean Casella, Rochester, and Ann Nolan, Auburn; while Helen Suits, Watkins Glen, and Rosalie Petix, Rochester, take charge of refreshments. A spaghetti supper was held by the Nurses' Club of Nazareth College in an effort to get the senior and freshman nurses acquainted.

THE NURSES at Nazareth are members of the Student Nurses Association of New York State, and eight delegates were sent from the college to a recent convention of SNANYS in Buffalo.

The main project for this year, as explained by President Patricia Fromm, Rochester, is to get a uniform for the graduate nurses which will be distinctive of Nazareth College.

Vice-president of the Nurses' Club is Mary Nelson, Corning; Sally Hollenbach, Syracuse, is secretary; and treasurer is Mary Kay Mooney, Rochester.

The **Literary Club** was addressed by Rev. Albert Shannon, Professor of English at St. Andrew's Seminary, Father Shannon spoke to the group of students and faculty members invited to attend by the Literary Club, on "What to Read" in order to make profitable what little spare time there is available.

The **Literary Club** is a revitalization of one of the same nature that was started several years ago. This new Literary Club is making plans to have bi-monthly meetings, one of which will be devoted to a speaker, and the other to discussing a certain book, author, or trait in literature. The next meeting will feature a panel discussion on Graham Greene, his works and worth.

Officers have not as yet been elected, but Miss Theresa Finks of Rochester, is acting as temporary chairman.

Daily Mass Calendar

Sunday, November 6—Twenty-third Sunday after Pentecost (green), Gloria, 2nd prayer of All Saints, Creed, Trinity Procession.

ROCHESTER GAS AND ELECTRIC—89 EAST AVE.

NEW "MATCHLESS" ROPER GAS RANGE
turns all your ordinary pots and pans
into **AUTOMATIC CONTROLLED-HEAT APPLIANCES!**

ROPER MODEL 73-JTC \$424.50 LIST PRICE
NOW ONLY \$350.35 with your old range.

Takes all the work out of top of the range cooking. This is the latest advance in automatic temperature controlled burners!

ELIMINATES POT-WATCHING! NO MORE BOILOVERS! NO MORE BURNED FOODS!

Now . . . you can enjoy "sit it and forget it" top burner cooking that's truly automatic! You can dial any heat you want on this remarkable new top burner just the way you do for oven cooking. Any ordinary skillet used on this burner becomes a controlled-heat-frying pan. You can even make Doughnuts, French Fried Potatoes in any one of your saucepans. Just set the burner at the proper temperature. You can keep coffee at the just-right serving temperature indefinitely! No more guessing! Cooks all foods perfectly! No overcooking, no burning, no boilovers.

Of course, in addition to this startling new feature, the "Matchless" Roper Automatic Gas Range has all the other features that you could possibly want on your new range . . . automatic oven, automatic lighting of all burners, waist high broiler, new beauty, and a host of others.

*"Matchless" of course means you never see a match with this range. All burners light automatically!

HERE'S HOW IT WORKS!
It's Simple—You'll Love It!

The heat in the utensil controls the flame. The gas light automatically when the top burner is turned on. A sensing element in the middle of the burner is in contact with the bottom of the utensil. It continuously "signals" the heat to the thermostat that controls the gas flow, to maintain the set temperature throughout the cooking operation.

YOU CAN REGISTER TO
WIN THIS RANGE
AND OTHER VALUABLE PRIZES
during **"GAS COOKING MAGIC"**

Visit the RG&E any day this week and watch an interesting cooking demonstration featuring the new temperature-controlled top-cooking units on the new Gas Ranges. Be sure to register your name for one of the many valuable prizes that will be given away at the end of "GAS COOKING MAGIC".

CONTINUOUS DEMONSTRATIONS MONDAY THROUGH FRIDAY—10:30 A.M.—4:00 P.M.
NOTHING TO BUY! JUST REGISTER!
