In consideration of the unusually large turnout of home-seekers during the initial opening of N. B. very gratifying with regard to the treatment of the bedrooms, the Family Room, kitchen and basement recreation area," he said, "the people with whom I talked appeared to be most enthusiastic in regard to the arrangements of the living room and dining room."

"Of course," he added, "the ingenious planning of the house permitted considerable freedom to our decorator and furnishing staff with noteworthy results."

Among the features that are causing considerable comment among the visitors are, luminous ceilings, built-in barbecue in Family Room, centralized vacuum cleaning system, full intercom system with Hi-Fi distribution throughout house, built-in hot house for winter plantings, three fireplaces, raised flagstone terrace, walkout basement with

and revolutionary ideas in basic construction planning.

The Model Home introduces the new Pepperidge Homes tract of South Ridge Estates to local home buyers. As far as possible, the natural beauty of the terrain will be undisturbed to provide a truly suburban setting enhanced by winding Round Pond Creek, Mr. Borelle said.

### WHAT IS LPGAS?

Liquefied petroleum gas is a hydrocarbon that comes from natural gas and crude oil. It is extracted in field plants and comes to market in pipelines, tank cars, or tank trucks, as propane, butane, or a mixture. These gases are produced, shipped, and stored under pressure in liquid form. When released they turn into vapor and are used in exactly the same manner as natural gas.

# THE HOUSE THAT "HOME" BUILT

OPEN SUNDAYS 2 TO 9 P.M.—WEEKDAYS 2 TO 7 P.M.

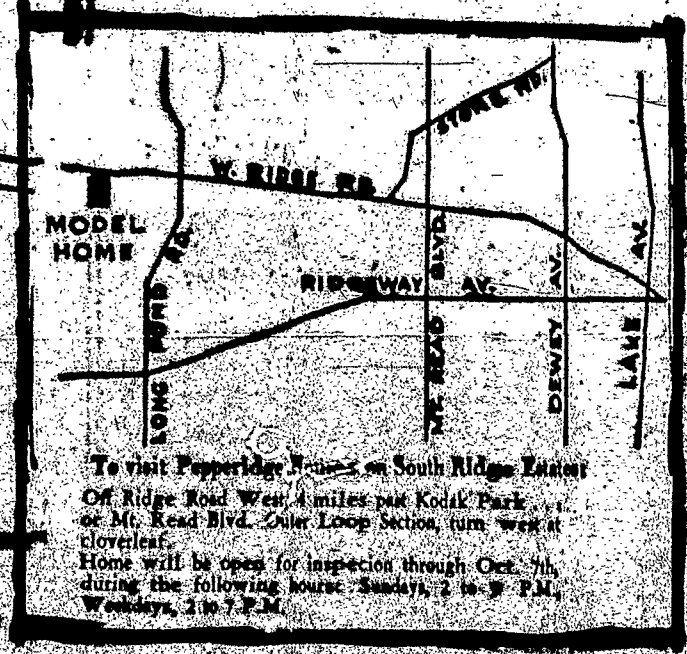

All America loves this local home built by PEPPERIDGE HOMES, Inc. decorated in the contemporary manner by SIBLEY'S, featured during NATIONAL HOME WEEK on NBC's HOME PROGRAM where it was praised for its progressive design for modern living

Built on the beautiful South Ridge Estates in the Town of Greece, this delightful modern home has all the charm of a country estate, all the convenience of a city home, the luxury (and practicality) of a home planned for good living now and for years to come. Decorated by Sibley's Interior Decorating Staff with exquisite fabrics, rugs, furniture and unique accessories that have an enduring, timeless elegance, this home embodies all the finest aspects of modern family living.

A place to "live together"—that's the all-important facet of home building so often neglected. Not so here—living room, family room, dining room, a downstairs recreation room and game room, 2 terraces and superbly planned grounds were created with family "togetherness" in mind.

Karastan's carpeting and Heritage-Henredon's dramatic Italian Provencal grouping enhance the architectural features and the handsome master bedroom. A sophisticated charm and serenity prevail here. This is a luxuriously restful room dedicated to peace and quiet.

The vista of beauty seen from these picture windows seems to be a part of life itself, as nature's colors are picked up in the handsome, Karastan carpet and blended with furniture from Heritage-Henredon's "Circa 60" collection—furniture designed for tomorrow to be used today.

The distinctive interiors by Sibley's shown in this fascinating house that HOME built are typical of the dining room meetings you'll see during Home Fashion Time throughout Sibley's Home Furnishings Departments.
