St. Bonaventure Granted \$7,500

St. Bonaventure, N. Y. — St. Bonaventure University received a check for \$7,500 from the Eastman Kodak Company, Rochester, according to the Very Rev. Brian Lhotz, OFM, St. Bonaventure president. The unrestricted grant to the University was made possible through the Eastman Company's program of aid to privately supported colleges and universities. This program stems from the Company's belief that the cost of education to colleges is generally greater than income from tuition and fees. Officials feel they share a responsibility with the alumni and other interested supporters to help schools meet these deficits. THE AMOUNT of the check received by St. Bonaventure was based on the number of Bonaventure graduates employed by Eastman during 1955 and who are currently employed by the company. Grants amount to \$500 for each year of normal academic work successfully completed by each graduate to meet the requirements of a regular degree program. Four such graduates of St. Bonaventure employed by Eastman meet these requirements. They are Bernard F. Clinto of Rochester, Raymond B. Nannini of Penfield, George E. Perrin and John J. Villa, both of Rochester. In addition, to share in these grants, the schools must be accredited by the appropriate regional accrediting association. St. Bonaventure is accredited by the Middle States Association and the American Medical Association.
