Washington-(NC)-Marshal Tito, communist dictator of Yugoslavia, has been invited to pay an official visit to the United States and has accepted. Only the details connected with the visit remain to be worked out.

Such details include when Tito would come here and what cities he would visit during his stay in this country.

There has been no official announcement of any of these facts, but they are accepted in authoritative circles here.

The invitation apparently was extended several weeks ago through the United States embassy in Belgrade, Tito accepted at once.

When Secretary of State John Foster Dulles said in December that "sympathetic consideration" was being given to a proposal to invite Tito to this country. his an nouncement touched off vigorous and widespread critic-

### Surprise Raid Hits Distributor

Philadelphia -(NC)-The District Attorney's office launched a city wide drive against obscene and pornographic literature with a surprise raid on a magazine distributing house here.

Chief of County Detectives Thomas F. McDenniott arrested Daniel Goldberg, owner and op-erator of the Library Distributing Company of Philadelphia, on cliarge of distributing obscene and pornographic literature.

Chief McDermott and his raiders seized some 5,000 copies of at least 10 different publications, including two that were described as containing "filthy pictures and captions" in a ruling by a Common Rleas Court judge just before the raid.
