

Pope Elevates 3 Pastors To Monsignor Rank

(Continued from page 1)
along with a fund drive during Lent.

In seven years as pastor at St. Anne's, Monsignor Naughton has supervised construction of a new convent for 17 nuns, enlarged the church vestry, repainted the church, adapted the parish hall for needed additional classrooms and built the rectory administration building.

Born in Rochester in 1903, he attended Corpus Christi School, St. Andrew's and St. Bernard's

Seminaries. He was ordained June 11, 1927, by the late Bishop Thomas F. Hickey.

His first appointment was as assistant pastor at Holy Rosary Church, Rochester. In 1932 he was named to the staff of St. Bernard's Seminary, serving as professor and procurator there until 1945.

At St. Bernard's Seminary, he directed a renovation program incorporating extensive modernization of facilities.

He was appointed in 1945 to be pastor of Elmira's "Mother

Church," St. Peter and Paul, and the following year saw the flood-created Chemung River bust its dikes and pour its muddy waters across the city, pounding the pews of the church and inundating school, rectory, and convent as well.

Working with his parishioners, he rebuilt the flood-wrecked property in time for the parish centennial in 1949.

On June 28, 1950, Bishop Kearney appointed Monsignor Naughton pastor of St. Anne's parish, Rochester.

Church Ranks Gain In Philippines

Manila — (NC) — The Catholic population of the Philippines has grown to 17,387,441 or 81.9 per cent of the total, the new 1957 Catholic Directory of the Philippines reveals.

The Church shows a gain of 1,585,585 members in the past two years. The current total population of the Philippines is given as 21,203,787, and statistics show that the proportion of Catholics has grown by more than two per cent in a two-year period.

Card. Griffin Successor Enthroned

London — (RNS) — Archbishop William Godfrey, former head of the Liverpool Catholic Archdiocese, was solemnly enthroned as Archbishop of Westminster, England's senior archiepiscopal See.

A NATIVE of Liverpool, the 67-year-old prelate was named to the Westminster See by Pope Pius XII last December to succeed the late Cardinal Griffin.

Rain was falling heavily as Archbishop Godfrey arrived at the cathedral preceded by a long procession of priests and white-robed Knights of the Holy Sepulchre and Knights of Malta in black. He was received by Aux-

iliary Bishop George Craven of Westminster and members of the Cathedral Chapter.

THE RITES were witnessed by a huge congregation that filled every available spot in the cathedral. Dignitaries present included diplomats from all over the world, members of Parliament and notable public figures.

Addressing the congregation after his enthronement, Archbishop Godfrey attacked the tyranny of Godless governments.

"We have all been shocked by the thought that millions of men and women who desire nothing more than the happiness of liv-

ing their lives in peace and contentment are groaning under such tyranny," he said.

THE CHIEF interest of some men who proclaim the welfare of the people, the people's government or the people's tribunal is not the welfare of their fellow men, he said, but the "attainment of power which would hold all in subservience to their own sinister materialistic doctrine."

The Archbishop warned that international problems would be settled around a conference table only when it was recognized that "unless the Lord built the house, they labor in vain that build it."

This is the all new, all porcelain, Deluxe, 1957 Frigidaire's "sheer look", fully-automatic Washer with famous Urimatic Mechanism and exciting new Control Tower. That sounds like a mouthful but every word means something wonderful for you.

All porcelain inside and out means that your Frigidaire washer is protected for life against rust. It also means that your washer will remain brilliantly white and new looking for years and years.

The new "Sheer Look" design means that the washer fits T-square tight with everything. It fits level with standard cabinets... back, sides and top. It can be installed flush with the wall and give you the rich built-in look without any expense.

Frigidaire's famous Urimatic Mechanism that powers the washer is synonymous with long life and trouble-free service. Frigidaires are just built that way.

Frigidaire's Control Tower gives you complete washing flexibility. Whether you are doing sheer nylons or heavy work clothes you can control the washing time and water temperature to give you perfect results everytime. Of course, Frigidaire has many other famous features such as Float-Over Wash and Rinse that gets out all the dirt and lint. Dirty wash water never drains through your clean wash. Another important Frigidaire feature is the Rapidry-Hi-speed spin that gets out more water than any other washer made and saves drying time.

Why don't you see it at your RG&E right away? At this low price, we won't have them long.

Isn't it about time you stopped hauling heavy baskets of wet wash to a clothesline—either outdoors into the wind and fading rays of the sun or to a damp, dismal basement that seems to take forever to dry the clothes. Let this deluxe 1957, all-porcelain Frigidaire Electric Dryer dry your clothes any hour, day or night, regardless of weather.

Here's the perfect partner for your Frigidaire washer. Working side by side as a team they'll turn your washdays into holidays. The Dryer is all-porcelain and guaranteed to stay white forever; it has the same "Sheer Look" that makes every corner count; it has the exclusive Frigidaire Control Tower that you set and forget and hosts of other quality Frigidaire features.

This model has a push button door opener that is mighty handy when your arms are full. The big, smooth top (all-porcelain of course) is a convenient counter for folding clothes. And, most of the clothes that come out of this Dryer can be folded and put away without ironing. Think of the work that saves.

Best of all, Your clothes are revitalized when done in the Frigidaire Dryer. They take on a new look. They are fluffier, softer and sweeter-smelling than you ever dreamed possible.

Why don't you see these Frigidaire washday wonders at your RG&E soon? You owe it to yourself!

Exploits

The exploits of Bishop Lee C. Arkfeld, S.V.D., the "Flying Bishop of New Guinea," is told in "Modern Crusaders," just back about Catholic milestones published by Straus and Cudahy of New York.

Reduced Clergy Fares Authorized

Washington, D. C. — (RNS) — The Civil Aeronautics Board has authorized airlines to begin offering reduced fares to clergymen.

The airlines, which operate local "feeder" service between New York, New Mexico, Arizona, Nevada and California, will begin carrying clergymen for half fare Feb. 1.

Applications for clergy identification cards will be taken by the airlines at its headquarters in Las Vegas, Nev., on forms similar to those employed by U. S. railroads. The cards will be printed in "bright gold," a spokesman said.

Bonanza is the first U.S. airline to take advantage of a bill passed by Congress permitting airlines to offer reduced fares to clergymen on a "space available" basis without displacing regular fare-paying passengers.

A spokesman for the CAB, in announcing approval of the Bonanza tariff, said the board has invited all U.S. airlines to consider proposed clergy tariffs, if they so desire. The board will not require a public hearing but will approve the tariffs automatically unless there is objection, the spokesman said.

Columban Fathers List 902 in Ranks

St. Columban, Neb. — (NC) — In 29 years, the St. Columban's Foreign Mission Society has grown to a membership of 902, according to the 1957 directory of the society.

Founded in 1918 for mission work in China, the society has since taken extensive missions in Korea, Japan, Philippines, Burma, Fiji Islands and in three countries of South America.

The group's 670 priests make it one of the largest societies of diocesan priests in the Church devoted exclusively to foreign missionary work. The Holy See has entrusted to its care approximately 30 million souls in mission countries.
