Among Women Sister Marks 50 Years

This week a Sister of St. Joseph, who was one of my early teachers, will observe the fiftieth anniversary of her life in religion. To think of the young people who make up the class of 1905 is to realize that she has been teaching for fifty years. Sister Marks, who is now in her 70th year, has been a member of the religious community since she was 15 years old. She has spent most of her life in the parochial school through the years, she has been one of the Sisters assigned to teach religion to the Catholic children attending public school.
