

Outstanding Expert On Primitive People Visits SVD Conferees At St. Michael's

Credited as one of the world's outstanding experts on primitive people, the Rev. Martin Gusinde, S.V.D., Ph.D., of the Department of Anthropology, University of Minnesota, is visiting his colleagues at St. Michael's College, Waverly, N.Y., on his way to the United States.

the Dakotas, Arizona and New Mexico the past a visit to his friend, the late Monsignor John M. Cooper, at the time head of the department of anthropology at Catholic U.

TWENTY YEARS later, after the death of Monsignor Cooper, Dr. Gusinde joined the department.

Dr. Gusinde spent several months with the Sioux, Apache and Pueblo Indians in

A LIST OF Dr. Gusinde's 15 publications was published in Vienna on his 70th birthday. Osservatore Romano made note in two recent editions (Feb. 24 and March 31) of his work.

Under the sponsorship of the American Philosophical Society in Philadelphia—and-by-special permission of the Australian government, Dr. Gusinde spent four months in 1956 studying a group of pygmies in the still restricted area of Shradar Mountains of New Guinea where no white man had ever been before.

Under like sponsorship in 1954, Dr. Gusinde made an investigation of the Yupa tribe in the mountains of Western Venezuela. In 1955 he spent some months among the Aeta pygmies in the Philippines.

Dr. Gusinde earlier (1934-35) had made a special study of the classical pygmy people of the Ituri District in eastern Belgian Congo. In 1949 he published another monograph on the pygmies in Ruanda.

In 1951 and 1952, Dr. Gusinde spent 15 months with the Bushmen and Hottentots in the Union of South Africa. In 1953 he returned to the same natives in the Kalahari desert, living with them for several months.

HIS EARLIER work in 1916 was on the Araucanians in the south of Chile at the time he held the chair of Anthropology at the University of Santiago de Chile. Over a period of three years he investigated the Indians of Tierra del Fuego and published three volumes with accompanying photographs.

A native of Breslau (East Germany), Dr. Gusinde was educated there, from 1905 to 1912 he studied Philosophy, Biology and Theology in Vienna, receiving his Ph.D. from the university there.

He was ordained on September 28, 1911, as a member of the Society of the Divine Word. In September 1924, he was called to Rome, where he worked two and one-half years as a member of the Board of the Scientific Administration of the Mission Exhibition in the Vatican.

DR. MARTIN GUSINDE

Since 1912, Dr. Gusinde has specialized in the study of primitive tribes on the lowest cultural level of food-gatherers in isolated spots. From there he has brought back findings said to be of immense value to the history of mankind.

The scientist-missionary will be the key figure at the annual meeting of the German Anthropological Association to be held in Kiel. Subject of the meeting will be "The Physical Properties and Biological Origin of the Human Pygmy Races."

THIS CRUCIFIXION scene erected by St. James Church, Waverly in St. James Cemetery was dedicated August 4. The 11-foot crucifix has with it figures of the Sorrowful Mother, St. John and Mary Magdalene. Figures are made of composition white stone. Monsignor William Byrne, dean of the Ithaca deanery representing Bishop Kearney spoke at the dedication.

Crucifixion Group Blessed At Waverly

Waverly — An imposing crucifixion group statue was dedicated St. James Cemetery where the statuary is erected. Sections four and five of the cemetery were also blessed.

The group statuary comprises an 11-foot crucifix and life size figures of the Blessed Mother, St. John and St. Mary Magdalene in composition white stone.

MONSIGNOR BYRNE cited the donation of an automobile to the cemetery and other church property by the Rev. G. Stuart Hogan, pastor.

Joining in the ceremonies were altar boys and Waverly Knights of Columbus. Village trustees had places of honor. In erecting the statuary group, five men were required to unload the figures, heaviest of which weighs nearly one half ton. The area about the statue will be landscaped according to future plans.

Scholarships Earned By Addison Student

Addison — Awarded an \$800 scholarship for five years and also recipient of a State Regents scholarship amounting to \$500 a year for five years. Thomas Grange, son of Mr. and Mrs. Donald Grange will enter Union College at Schenectady, next month.

An honor student at Addison Central School where he received many awards and was prominent in varied extra-curricular activities, Thomas also served as junior organist at St. Catherine Church for five years and played in the percussion section of Cornell Philharmonic Orchestra for two years.

Among his school activities were editor-in-chief of the 1957 yearbook, The Knight; sports editor of the school paper, winner of school and county boys' public speaking awards, member of the school and county band, and prominence in dramatics.

St. James Hospital Paper Awarded National Plaque

guided by how well the bulletin accomplished its intended purposes which are part of the data submitted for evaluation.

The plaque will be presented at the Hospital Management annual breakfast of presidents at the Hospital Association Convention in Atlantic City in October. The entry will be displayed at that time.

Sister M. Elizabeth Anne, R.N., of St. James Mercy Hospital School of Nursing faculty is editor and inaugurated the project in 1950. Contributing editors include members of the medical staff, interested hospital employees, board and committee members of the hospital and civic-minded persons who desire to promote better hospital public relations.

Hornell A bronze plaque was awarded St. James Mercy Hospital for its bi-monthly publication, Mercy Echoes by Hospital Management in its annual hospital bulletin competition, the hospital's administrator was notified this week.

The contest conducted by Hospital Management for better public understanding and support of hospitals was endorsed by American Hospital Association.

Rules for the competition were based on sincerity of purpose and quality of content rather than on elaborateness of presentation. Judges were primarily

CWV Urges Fire Judges Who Aid Reds
 Milwaukee — (RNS) — An official of the Catholic War Veterans urged the "firing" of all Supreme Court justices whose records show they have "lent aid and comfort to the Communist cause in ten or more per cent of the opinions they have rendered that are concerned with Communists."
 MATTHEW McKEON of Springfield, Va., chairman of the CWV Americanism Committee, made the proposal here during the 22nd national convention of the veterans organization which claims 217,000 members in about 1,750 posts in 38 states.
 He was interviewed along with other CWV leaders who agreed that the threat of Communism in this country is greater than ever before.
 Mr. McKeon suggested that Congressional committees do the investigating of the Supreme Court Justices' records and determine the percentage of cases in which they have rendered opinions favorable to the Communists.
 The CWV official said he also was in favor of severing U.S. diplomatic relations with the Soviet Union "because there never can be peace between the forces of good and evil."
