# This Week

With Our Advertisers  
By FRANK J. GIBLIN

A man who had just passed his fiftieth birthday once wrote a gem which took me over 50 years of living to appreciate. I give it to you for your Labor Day Weekend Soliloquy:

"It's what a man learns after he 'knows it all' that counts." On this sobering thought which will have a tremendous impact on the younger generation I am sure, I note the following interesting data:

Mr. and Mrs. Daniel Donahue, 62 Rowley Street, will celebrate their 63rd wedding anniversary today, Friday, August 30th. "Uncle Dan," as he is known to his many friends, is a Realtor and Life Member of the Real Estate Board of Rochester, N. Y., and served as the organization's President in 1920. Honored many times for his civic activities, in 1952 he was cited for his outstanding work in the solicitation of Blood Donor pledges. His keen wit is an inspiration to all who are in contact with him. On October 13th, he will observe his 82nd birthday and still active in the business as the nation's "oldest" Realtor. He occupies offices at 16 State Street.

On Sunday, September 1st, Charles M. Dispenza, Realtor, will celebrate his 45th anniversary in the real estate business. Opening his office in 1912, he has operated his brokerage firm with great success these many years. In 1916 he was elected as an Active Broker Member of the Real Estate Board of Rochester, N. Y., Inc. His long association with the Board has found him serving as an officer and director in 1948 was president of the organization. He is presently chairman of the Multiple Listing Committee. He has occupied offices at 502 Elmwood Bldg., 6 State Street since 1933. His son, Charles, Jr., has been an Associate Broker with his father since 1953. Besides his son, Mr. Dispenza is father of 3 charming daughters. Mr. and Mrs. Dispenza live at 400 Genesee Park Blvd.

### FOR SALE HOUSES

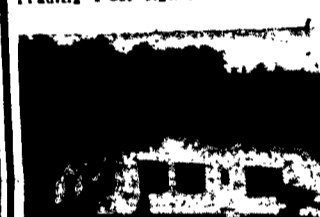

IRONDEQUOIT — 104 Pontiac Drive, St. Margaret Mary Parish, 3 bedroom Colonial, extra bath off recreation room, screened porch. Assume 1/2 GI mortgage and save closing costs. Owner. Call CU 4-7332.

### NEWSPAPER GOOD MULCH

A "pudding" made from newspapers soaked in water makes an excellent mulch for the garden. Soak the newspapers well in a large container of water, stir into a pulpy, well-shredded mass, and pour around the base of plants. The pulp dries to a mat that chokes off weeds and helps retain moisture in the ground.

### VICTOR BROWNSVILLE RD.

Turn left on Brownsville Rd. to Trading Post sign.

PRICE ONLY \$11,500

Remodeled 1-bedroom farmhouse. Over 150 sq. ft. frontage. 1/2 acre lot. Will sell with LOW DOWN PAYMENT. See it or call for inspection appl.

ANDY CHENEY, Realtor

### TRADING POST

241 W. BROAD ST. BR 2-230

## QUESTION BOX

Q — I'm planning to varnish some cabinets. How can I avoid a lot of hard rubbing and polishing to remove the air bubbles that will form on the surfaces?

A — Try thinning the varnish with one part of turpentine to five parts varnish. Then stir it—don't shake it—for 10 or 15 minutes. Let it stand for 24 hours to allow the varnish and turpentine to completely flow together. After this, the varnish should flow on without air bubbles.

Q — How can I keep screws from coming loose and popping out of soft wood from the weight of the fixtures I've attached to the wood?

A — Make small starter holes and fill them with thick glue. The screws will then force the glue into the surrounding wood fibers and voids, giving the wood increased hardness and resistance to screw pull-outs.

Q — The room we're planning to add to our home will have a roof that is almost flat. The house was recently roofed with asphalt shingles. Can we use asphalt shingles on the addition?

A — Asphalt shingles can be applied to roofs that slope as little as two inches per horizontal foot. A new technique makes use of special precautions that protect the roof against leaks which might otherwise develop because of the relatively low pitch. Before starting on your guest room, check with your roofing contractor to make sure your plans call for a roof with at least the minimum two-inch slope.

Q — My wife and I often have admired the panel doors we've seen used in television plays. How can we obtain doors like these for our home?
