\$300,000 Mark, \$100,000 Over Goal Passed in Corning School Campaign

Corning — St. Mary's School building fund appeal, made last week by a volunteer team of more than 300 men of the parish, has exceeded the \$200,000 mini-report still to be announced.

Over the weekend, the campaign by \$100,000 with the final paign committee, headed by General Chairman Joseph P. Tunney, announced that subscriptions had already reached \$33,625.06, with about 20 subscription cards yet to be accounted for. Joseph Conneron of Foley Associates,

Rochester, who served as professional manager for the drive, said, before leaving for Superior, Wis., that the 50-per cent increase of the goal will be evened up somewhat during this month. The cards, yet unreported, are to be turned in at the Rectory.

Conneron, who has drawn praise for the manner in which he gave professional advice and counsel for the drive, will provide similar service in a campaign to raise money for a new convent in Superior, Wis.

St. Mary's Parish were contacted by more than 400 workers, he said, before more than \$50,000 were not on the original list for solicitation.

"It is an understatement for me to say that the results of our campaign are gratifying," the Rev. Thomas F. Brennan, pastor of St. Mary's Parish, said. "We are grateful to Almighty God, first of all, and to the Mother of God, the patroness of our parish, and to all whose pledges made the campaign so successful."

THE INCREASED \$100,000 will make possible a better school building program in the parish. Included in the \$300,000-plus are special gifts of at least \$70,000 and \$107,000 pledged by the canvassers at the kickoff dinner a week ago Saturday night.

Announcing that the campaign has formally ended, Conneron said that the office has been transferred from St. Mary's School to the rectory, where outstanding reports and additional pledges will be received.

Estimating that 960 persons in

ONE PART of the existing school building is to be converted into classrooms, while the other part will be replaced by a new structure.

At the beginning of the drive it was pointed out that \$200,000 represented a minimum figure, and that it was hoped there would be additional funds raised to make possible a better building program. It is planned to raze the south wing of the present school, constructed in 1882. On the site of this wing, a new eight-classroom wing will be constructed. Renovation and remodeling of the gymnasium wing, constructed in 1911, is also planned. The extent to which this project could be carried out, would depend on the success of the drive, it was pointed out.

IT IS ANTICIPATED that the outstanding pledge cards will be turned in to the Rectory very soon, Conneron said, so that the campaign can be formally concluded.

Father Brennan said that it is planned to break ground for the building project in the Spring.
