STOP WATCHING POTS 'N PANS ...when you cook electrically

Let your range work for you, the way a modern clectric range does. It gives you a just-right cooking speed for every job - from keeping dinner warm, to simmering cream sauce or gravies It gives you fast boiling or a perfect frying speed.

You can end the game of trying to out-guess your tove for an electric range gives you the same heat every time. Time and temperature are exact directions when you cook electrically

Let your electric appliance dealer show you how save time with a modern electric range. He has one just right to your kitchen and cooking habits and he can show you how it'll save for you, too.
Cou'll find it pays to go all-electric!
