

'Pillbox Apostolate' Started By Diocesan Secretaries

Paterson, N. J. — (NC) — A "pillbox apostolate" has been started here by two secretaries who work in the chancery office of the Paterson diocese.

They are Vera Mullane, secretary to Bishop James A. McNulty and Loretta McLaughlin, secretary to Msgr. William F. Louis, Chancellor and diocesan director of the Society for the Propagation of the Faith.

At their work in the chancery, they daily read many letters from missionaries in various parts of the world. From these they learned of the great need of medicines in Missionary areas.

A few weeks ago they wrote to local doctors, asking for donations of samples medicines. They have already received 30 cartons of samples, which are packed and ready to go to overseas mission areas.

NOW THEIR unique apostolate is about to be expanded. The

Shrine To St. Jude

A shrine dedicated to St. Jude, believed to be the only one of its kind in the diocese, has been erected on the property of Mr. and Mrs. Fred C. Blendinger, 35 Cobb Ter., Rochester. The shrine contains more than a ton of stone on a five foot foundation. It was erected in thanksgiving for favors received by Mr. Blendinger who has been ill for several years and is a convert since 1951, according to Mrs. Blendinger. The dedication will be performed by the Rev. Joseph T. Maloney, assistant pastor of Our Lady of Lourdes Church at a date to be set.

Postmaster Urges Cooperation To Avoid Christmas Delays

Ten basic pointers for users of the mails to follow in order to assure prompt and safe delivery of their Christmas cards and gifts were outlined by Postmaster General Arthur E. Scammell.

1. Address mail fully and clearly. Write legibly on post-it plainly and do not use zero numbers in the address and return address. Avoid abbreviations since this may lead to confusion.
2. Use the 3-cent letter rate on cards and letters. Be certain a return address is placed in the upper left hand corner of both Christmas cards and letters. This will prevent any undelivered mail ending up in a dead letter office.
3. Do not enclose coins or hard objects of any kind in letters. Cancellation machines cannot process such letters and often damage the letter and contents.
4. Do not mail money or Christmas gifts or letters for sale. In sales, use postal money orders or checks.
5. Separate your letters in "local" and "out of town." This will speed all the mail and relieve much of congestion in post offices.
6. Make certain that parcels are well packed and securely wrapped in strong containers. Cushioning material such as excelsior, shredded newspapers or tissue paper should be evenly and firmly placed on all sides of the Christmas gift. The carton should be wrapped in heavy paper and securely tied with strong twine.
7. Gifts of a delicate nature such as glass, china, electrical appliances, radios and musical instruments, must be marked "Fragile" by the mailer. Food stuffs should be marked "Perishable" if subject to spoilage.
8. Insure parcels. Register letters of real value. Where only proof of delivery is required for letters of no intrinsic value use Certified Mail. Use Combination
