Laymen Seen Best Convert Maker

Toronto, Ontario - (NC) -The best convert maker is the exemplary Catholic layman, a convert - making group was told here.

Addressing the Conference for Conversions and Lay Apos tolate, Jesuit Father E. J. Sherry told his listeners: "Communists and Jehovah Witnesses spread their doctrine. Why should Catholic laymen be hesitant to spread the divine truths?"

Father Sherry declared that the Catholic laity had the most opportunities to contact those outside the Church, He said that if laymen are timid, apafinglic, or ignorant of their position, the opportunities pass without fruit.

Paulist Father F. Stone, director of the Catholic Information Center in Toronto, said there are too many of the Catholic laity who ait back with an "it's the other fellow's job" attitude. There is an enormous amount of good will toward the Church by non-Catholics, who just are waiting to be invited by Catholic laymen to learn about the Church.

of Christ for each of us and a vibrant means of our sauctification. The night before He died, the Son of Man raised the challen of His Blood and thus began the final days in which His love for me would lead Him to the death of the Cross. The raising of the Challes in the Upper Room is continued in the Sacrifice of the Mass. It is through this offering of Christ that we have His life teday and the plodge of His glory on the morrow of elernity. At the Hely Sepulher, early on Easter morn, His Bentilude, the Latin Pairlarch will offer a Ponifical Mass for you, your loved once, and for your spestal infemtions, Immediately following the Patriarch, ien of your isolenaries will each offer a Mass for the same intention. In this way the Pairiarch and your missionaries will beg the Risen Saviour to bless all of you who have made their work possible by your generous support of the appeals of the Holy Father for the welfare of the Oriental Church.

YOUR MISSIONARIES TELL THE WORLD OF THE RISEN SAVIOUR ... EUPPORT THEM IN THEIR NEEDS ... DO IT TODAY.

TWO HUNDRED FAMILIES have been received into the Church, and fifty more familles are under instruction," Archbishop Mar Gregories reported to us in a recent letter. "The Church is making great progress in this important city of Kulathupusha (South India). he continues, "but this creates a serious problem. For some years we have been able to use an abandoned shed for a Church-but the great number of converts are literally crowding us out of the House of God," An adequate Church will cost \$2,000. Can you share your jey of Easter with these poor people—will you help them build a proper Church for the Risen Christ to live among them?

WHAT YOU GIVE TO THE HOLY FATHER YOU PLACE IN THE HANDS OF CHRIST.

Jacob and Paul are burning at this moment to tell the world of the Risen Christ and His love for all men-hul-they cannot begin their seminary studies (at Always, Isdia) until a generous benefactor will pledge

\$600 for each to pay the necessary expenses during the six year course. On Easter morn, Sister Liliane and Sister Denise prayed for a benefactor who would usake it possible for them to bring the Risen Christ to the poor of Lebanon, Each has need of \$250 a Year for two years to pay the expenses of novitlate training. You may pay the total

amount in installments while your "Easter child" is preparing by prayer and study to bring Christ to the world.

A \$16 FOOD PACKAGE WILL FEED A REFUGEE FAMILY FOR A WEEK . . . CAN YOU HELP?

WHERE MAY WE SEE THE RISEN CHRIST? In the eyes of an innecent child who has received Him for the first time in the Saceament of His Love. Many children in the Near East need a new swift or a dress for First Communion Day. Their parents are pennis less and cannot help them-will you share your Easter low with them? Ten dollars will buy a complete outfit for one child.

GIVE TO WIN THE WORLD FOR CHRIST.

MANY HANDS MAKE LIGHT WORK ... EVERY LITTLE this is the thought behind our DOLLAR-A-MONTH CLUBS. The dues are only a dollar each menth, BUTwith many generous souls contributing we are able to do a great deal for the missions and for the poor people of the Near Bast-Chapels are furnished (Monlos Guild), starving children fed (Orphan's Bread), priests educated (Chrysostoms), nuns are prepared for the missions (Mary's Bank), old folks projected (Palace of Gold).

to the Churches of the Rochester Diocese . . .

In 1908, William J. Pike started his studio in Rochester devoted to the design and making of stained glass windows.

In stained glass, perhaps more than in most fields, the skills of hand and eye, passed on from generation to generation, are important.

So, today, we offer to the churches of the diocese these skills developed over the many years, - skills learned in the past - applied in terms of the present. We have the knowledge to do traditional stained glass. We are pioneering in contemporary style stained glass.
