United Nations, N. Y. — (NC) Ceylon has become the 33rd nation to ratify an international agreement to ban production, possession and trade in obscene printed matter, the U.N. secretary announced.

The agreement is an amended version of the 1923 International Convention for the Suppression of the Circulation of and Traffic in Obscene Publications. Drawn up under U. N. auspices, into effect on February 2, 1950.

Among the states adhering to the agreement are such predominantly Catholic countries as Ireland, Italy, and Brazil, as well as most of the Soviet Bloc and the British Commonwealth countries.

Neither the United States, France nor Sweden has acceded to it, however.

The U.N. said the following are now parties to the agreement: Afghanistan, Albania, Australia, Austria, Belgium, Brazil, Burma, Canada, Ceylon, China, Czechoslovakia, Denmark, Egypt, Finland, Guatemala, Haiti, Hungary, India, Ireland, Italy, Luxembourg, Mexico, the Netherlands, New Zealand, Norway, Pakistan, Poland, Romania, Turkey, South Africa, U.S.S.R., United Kingdom and Yugoslavia.

### Divine Word Order Elects Superior

Rome — (NC) — Father Johann Schuetz has been elected as the sixth superior general of the Society of the Divine Word at the order's eighth general meeting here.

The 43-year-old German priest was the order's secretary for the missions prior to his election. He succeeds Father Aloisius Grosse-Koppenberg, who died last August 27.

## Spectacular Model Home Opens Sunday PM In Greece

Caldwell & Cook's newest and most unusual introduction to better living is demonstrated in the exhibition of their latest Dewey Gardens model home in Our Lady of Mercy parish, opening at 1:00 p.m. Sunday, May 25. A personalized home rather than a standard production model, this house is full of eye-opening innovations.

One of its most outstanding features is the use of Armstrong's finest custom resilient tile flooring throughout the entire first floor. In varying and attractive color patterns, this tile is surprisingly quiet and comfortable underfoot and enjoys a ruggedness and cleanability that should last for a lifetime. Of particular interest to homemakers is the use of "Random Driftwood" vinyl tile, with solid brass diamonds in the entrance vestibule. Color and texture patterns vary attractively in each room throughout the house. The first floor bath features an easy-to-clean formica wall and bath enclosure.

The model itself is a striking traditional ranch design, with 1,404 square feet of carefully planned first floor space. The big finished family recreation basement is a "walk-out" which includes a second fireplace, separate laundry and powder rooms.

The house is tastefully decorated and furnished by Lee Holcomb of the Mt. Morris Furniture Company. The treatment creates excitement without sacrificing comfort and extreme livability. The decor is described as "casual contemporary" and includes some exceptionally pleasing combinations of contemporary and traditional furniture.

The Rochester Gas & Electric Corporation has graphically demonstrated what it calls "full housepower" in the new model. By "housepower" they refer to certified adequate wiring which permits a family to use electricity safely, comfortably and conveniently. As an added attraction to all visitors, RG&E will sponsor a room air conditioner door prize for which anyone who fills out the application blank properly is eligible.

Distinctive entrance of Model Home has illuminated street number identifying RG&E Full Payer Home with Adequate Wiring. Brick planter in foreground will be filled for opening day.

All in all, it's quite a treat for homemakers young and old alike. The model is situated on Lawson Road, off Dewey Avenue, just north of Dewey Avenue in the town of Greece just a few blocks from the site of the new Our Lady of Mercy Church and school. It will be open to the public from 1 to 8 p.m. daily. We highly recommend its inspection.

### Vatican Radio Cites Advance Of Islam

Vatican City — (RNS) — The Vatican Radio, in a broadcast appeal for more priests and missionaries for Africa, said a "veritable race" is taking place there between Christianity and Islam.

"In addition to Communism," the station said, "Islam has far-reaching plans to capture the souls of all Negroes in Africa." Declaring that "at present Islam is soaring ahead," the Vatican station said that "out of a 220 million population in Africa only 20 million are Catholics."

"The danger is," it added, "that Islam will make further progress unless Catholics throughout the world provide more priests and missionaries. The need for them is very urgent."
