Strengthen Family Life Pope Urges

Paris — (RNS) — Pope Pius XII, in a message broadcast to an international Catholic family congress here, appealed to authorities everywhere and to "all men of goodwill" to protect family life "for the good of society and mankind."

The congress met at the Basilica of the Sacred Heart at Montmarre.

"THOSE WHO want to build a strong, civil and social structure," the Pontiff said, "must base it on a conception of marriage and family life which respects the order laid down by God."

Speaking of the many reasons which, he said, weaken the stability of homes, Pope Pius observed that the existence of second homes "is difficult in many cases because 'the migration of married couples, which involves many sacrifices, is not understood by all people.'"

"Unfortunately," the Pope added, "children are the first victims of such a state of affairs."

The talk was later repeated by the Vatican Radio for the benefit of listeners in other parts of the world.

Vatican Denounces Nagy Execution

Vatican City — (RNS) — The Vatican Radio denounced as a "business crime" the execution of former Premier Imre Nagy and other Hungarian leaders on charges of conspiracy to overthrow the 1956 revolt. The station said it would offer a full comment on the development at a "later date."

New St. John Fisher President Named

Father Murphy Transferred To Texas
Toronto Priest Coming Here

The pioneer president of St. John Fisher College has been assigned to new duties which will take him to the University of St. Thomas in Houston, Texas.

Very Rev. John F. Murphy, C.S.B., head of the East Avenue college since it opened its doors in 1951, will be first counselor and faculty member of the Texas college which is also a Basilian operated school.

Father Murphy will be succeeded at St. John Fisher College by Rev. Charles J. Laverty, C.S.B., currently registrar of St. Michael's College, Toronto.

Father Murphy

Also coming to the East Avenue school will be a priest already known to hundreds of Aquinas Institute graduates. He is Rev. Robert Fichte, C.S.B., formerly vice-principal at Aquinas, who will join the education department at St. John Fisher College. He has just attained his doctor's degree following studies at the University of Buffalo.

FATHER MURPHY is scheduled to leave for his new post in August. During his years as first president of the college for men founded by Bishop Kearney in 1948, Father Murphy has seen the school grow from its infancy to its present enviable position in educational circles.

Under his guidance, St. John Fisher College has climbed to a top scholastic position.

The school won accreditation to the Middle States Association of Colleges and Secondary Schools, Commission on Institu-

tions of Higher Learning within the first seven years of its existence—a remarkable feat for so young a school.

Father Murphy also won honors on an individual plane when he was elected president of the Conference of Catholic Colleges and Universities of the State of New York in 1957.

DURING HIS term as president, Father Murphy saw the construction of the school, following a successful fund drive in 1948.

Father Murphy added a wing to the college structure, which contains the Rosina O'Doherty Kearney Auditorium and a cafeteria. The auditorium is dedicated in memory of the Bishop's mother. Now under construction is a chemistry building, started this Spring.

Father Murphy was often called upon as a speaker before both Catholic and secular audiences. In 1954 he gave the commencement address to a graduating class of the University of Rochester.

Other Basilian changes at St. John Fisher College include the transfer of Father William J. Young, C.S.B., professor of French, to the faculty of St. Thomas University, Houston.

New on St. John Fisher faculty this year will be Father E. Leonard Ruah, C.S.B., who comes from the St. Thomas school, to head the modern language department at the East Ave. college.

Priest Raps Exploiting Migrants 'Slave Labor'

Washington — (RNS) — The Rev. James L. Vizzard, S.J., vice-president of the National Catholic Rural Life Conference, charged here that Mexicans are being exploited as "slave labor" by big farmers in the American West and Southwest.

FATHER VIZZARD said that Mexicans were brought into this country because they would accept wages, living and working conditions "intolerable to U.S. citizens."

The clergyman testified before a House Agriculture Sub-committee considering legislation to continue a long-standing government program of recruiting Mexicans to work on American farms. He was immediately attacked by Rep. W. R. Fosgate (D-Tex.) whose district includes farms which hire Mexican labor.

Father Vizzard said that the program had produced bribery,

profit-making and exploitation that would make the "corruption found in the teamsters union seem only like petty larceny."

Current recruiting of Mexicans, according to the priest, had produced economic, social and spiritual ills. He urged Congress to make an "irrevocable commitment" to terminate the program in the near future.

HIS VIEWS were supported by Msgr. George G. Higgins, director of the Social Action Department of the National Catholic Welfare Conference. Msgr. Higgins also urged an end to the current system of recruiting Mexicans for American farm labor.
