Catholic Agency Tops In Relief Aid

New York — (NC) — Almost half of the \$312,188,510 distributed in overseas relief during 1952 by 53 American agencies registered with the International Cooperation Administration (ICA) was accounted for by Catholic Relief Services — National Catholic Welfare Conference.

CRS-NCWC International relief agency of the U.S. Bishops distributed \$146,538,128 in aid in more than 50 countries last year, according to a report released by the ICA's Advisory Committee on Voluntary Foreign Aid.

LEADERS AMONG the other 52 voluntary agencies reported in the report were: Church World Service, \$41,964,291; CARE, Inc., \$34,614,963; American Jewish Distribution Committee, \$28,469,377; and Lutheran World Relief, \$16,558,784.

Msgr. Edward E. Swanstrom, executive director of CRS-NCWC, said that "the accomplishment behind these figures is a greater tribute to the generosity and Christ-like concern of the American people for the poor, hungry, needy and sick in less fortunate areas of the world."

The figures in the ICA report present the cost value of food, clothing, medicine, equipment for work, cooperation, rehabilitation, orphan programs and other projects among more than 40 million people in the free nations of the world.

Some assistance also has been provided by U.S. agencies to countries behind the Iron Curtain, including Poland and Yugoslavia.

Exiled Clergy Give Warning Cleveland Court On China News Fines Obscene Film Operator

Steyl, Germany (RNS) — A group of Roman Catholic prelates who have been expelled from Communist China warned the Western press at a conference here against "careless and uncritically" printing reports on the Catholic Church in that country spread by the New China news agency in Peking.

PARTICIPANTS in the conference included Thomas Cardinal Tien, Archbishop of Peiping; Archbishop Theodore Buddenbrock of Lanshou; Bishop Augustin Olbert of T'ingto; Bishop Karl Weber of Ichow; Msgr. Ferdinand Loy, Apostolic Prefect of Sinkiang; and Msgr. Jerome Haberstroh, Apostolic Prefect of Sining.

All the prelates are members of the Divine Word Missionaries a society founded in Holland in 1873. They were joined at the meeting by the Very Rev. Johannes Schulte, the new Superior General of the society, who recently visited the United States. Father Schulte spent 12 years in China.

The prelates said the news stories published by the Communist news agency were in most cases "not in accordance with the facts."

They expressed regret also that the scope of news coverage of China in the Western press was "insufficient" and thus fails to create "a counterweight to one-sided Communist news reports."

U. S. Priest Named LaSalette Head

Rome — (NC) — The general chapter of the Missionaries of Our Lady of Salette has elected a U.S. priest, Father Joseph A. Dutil, as its superior general.

A native of St. Johnsbury, Vt., Father Dutil was ordained in 1927 at Tournai, Belgium.

Cleveland — (NC) — A precedent-setting conviction was obtained against the owner of a "fun house" here for possessing and exhibiting obscene movie films.

Convicted was Mrs. Gertrude Gervaras, owner of "Jean's Fun House," who faces prison terms of one to seven years and a fine of from \$200 to \$2,000. Common Pleas Judge John J. Mahon deferred sentence pending a defense appeal for a new trial.

IT WAS THE first conviction of its kind in the memory of veteran court officials here. Mrs. Gervaras was charged six months ago along with two other "fun house" operators of possessing and selling obscene material. The other two, both men, have yet to be tried.

In the wake of a campaign by a civic organization called Citizens for Decent Literature, the conviction was regarded as a spur for more stringent self-regulatory action by other operators.

Films seized by the police were shown to the box of six men and six women. They were asked to decide if the films were obscene and if the operator exhibited them knowingly.

In his charge to the jury Judge Mahon depicted obscenity as having a substantial tendency to deprave or corrupt by arousing lascivious thoughts of just bad desires.

THE JUDGE also explained that the proper test for obscenity is "whether in the average person applying contemporary community standards the dominant theme of the material in question when taken as a whole appeals to the prurient interests."

This is identical with the test for obscenity laid down by the U.S. Supreme Court in its Roth decision last year.

Assistant Cuyahoga County Prosecutor Thomas L. Osborne

said the conviction will open the way for police to crack down on operators who for years have been "walking on a razor edge between obscenity and legality."

County Prosecutor John T. Corrigan said the police now have "a standard of judgment" and invited them to arrest operators who screen similar films.

He said however that he would cooperate with those who wish to set up a self-screening board. "We are more interested in clearing out obscenity than in getting convictions," he said.
