Mr. Pepsi says

Probably at no time in recent years have we needed friendship for the friendly feeling that need for friendship for the word and kindly smile the pleasant moments snatched from busy and often troubled lives.

We want others to like us. We want to be accepted. We want to be in step. To achieve that we realize that we must make a friendly gesture toward others.

That's why so many people like to "Be Sociable". Have YOU tried a Pepsi lately?
