Christmas is a family time . . . a friend time . . . a time of warmth and love and Togetherness. May the candles burn as brightly as the wonder in your children's eyes. May you know the comfort of an outstretched hand, an unexpected gift, a renewal sense of companionship. May you have the happiest of holidays, tinged with a touch of gratitude for the fact that we live in a land of religious freedom and plenty. May you face the new year refreshed and ready for the challenge ahead. That is Sheehan's wish for you this Christmas!
