

Baby Boom Swells N.Y. Families

New York — (NC) — New York City families bucked the national trend and continued to have larger families during 1958, the city's health department figures disclosed.

While the 166,980 babies born here during the year were only three more than the 163,770 total, the percentage increase of second, third, fourth and fifth children was considered significant.

Since the start of the "baby boom" in 1941, second births have increased by 70 per cent, third and fourth children more than doubled, the report stated.

Reds Step Up Propaganda To Students

Vienna — (RNS) — With the start of the new year informed sources here forecast that countries behind the Iron Curtain will intensify their efforts to indoctrinate students and teachers in secondary schools and colleges with Communist ideology.

From time to time the Communist press in Hungary, Romania, Czechoslovakia and Bulgaria, commenting on ideological and religious influences still existing among young people, has called for stronger political indoctrination of students in higher education.

IN HUNGARY, for example, government papers have charged that "counter-revolutionary" tendencies are widespread in secondary schools and colleges and have urged a stepped-up battle against "known enemy elements."

The Hungarian ministry of culture has warned that only teachers who are confirmed Marxists must be allowed to teach in secondary schools. More than 2,000 courses intended to develop the "philosophical knowledge" of teachers have been established recently.

IN ROMANIA, the Red press has often pointed out that "mysticism" and "backwardness" are insufficiently fought in the country's colleges and universities.

Communist student and youth groups have been asked to carry out ideological purges among students with religious affiliations. Also measures have been urged for the education of youths "in the spirit of love for the fatherland."

THE CZECH Communist regime has demanded more "practical work" in education, a "class-based" selection of students and an improvement of lectures on Marxism and Leninism. To intensify political indoctrination of its students, the Czech government has called on the Communist youth organization (CSML) to tighten its bonds with the party still further.

Bulgarian teachers in higher education have been attacked constantly by the government for not being sufficiently interested in the study of dialectical and historical materialism.

Little Irish Lose; McQuaid Wins Two

By FRANK KELLY

The up and down reapers of Aquinas Institute suffered their fourth reversal of the season and the second straight defeat at the hands of the Bishop Timon cagers of Buffalo when they lost 61-40, at the Aquinas gym on Sunday.

The Little Irish now have a 5-4 record for the season, but show an 0-3 record against teams from our neighboring Diocese. They also lost to St. Joseph's of Buffalo.

IN SUNDAY'S game, Bishop Timon led all the way and outscored Aquinas in all but the third period to rout the Little Irish.

Bishop Timon, which defeated Aquinas in Buffalo by three points in their first encounter, was led to victory by Guest, Cipriani and Gegenfurtner with 21, 14 and 12 points, respectively.

The Little Irish were led by Bob Yaah who scored 12 in a losing cause. Aquinas' next game will be against Franklin High today, Friday.

McQUAID High School's Knights scored their fifth and sixth victories in eight starts this past week as they defeated Penfield High 58-37 and Charlotte High 68-42 in two home games.

In the Penfield game, the Knights outscored their rivals in all but the second period as three of its players hit for double figures.

McQuaid led at the quarters by 18-6; 31-23, and 46-32. Jack Walsh led his mates with 18 points, while Tom Nientimp scored 12 and George Ide had 10.

PENFIELD'S FRED Begun was the only one to make a serious dent in the Knights' defense as he scored 13.

The Knights were never headed in the Charlotte game as the visitors were soundly trounced 68-42.

Outscoring their rivals in every period, Tom Nientimp again displayed his value to the McQuaid team by coming up with 20 points.

ALSO SCORING in double figures for the Knights was Jim McCarthy with 13 while Jack Walsh had nine.

Nientimp also snared 20 rebounds for the Knights. Bill McKendry scored 12 points for Charlotte who have a 2-5 season's record.

McQuaid will play its next game in East Rochester tonight when they meet East Rochester High School, for the second time this season. The Knights won the first encounter 62-44.
