**PHILCO-BENDIX DUOMATIC WASHER-DRYER COMBINATION**  
Fits anywhere a washer will... costs less than many washers alone

Washer-Dryer Proves Itself In Over Half Million Homes

First introduced 8 years ago, when the forerunner of today's PHILCO-BENDIX DUOMATIC was put on the market, the Washer-Dryer Combination is now thoroughly proved and perfected, and considered by most experts as today's best home laundry appliance buy.

Completely Flexible—The Duomatic Washer-Dryer does everything a washer does... everything a dryer does—in one continuous work-saving operation—or separately if you like. You can stop or start it at any point in the wash or dry cycle. Use it separately as a washer or a dryer.

Saves time and work. Since the complete washing and drying job is done in one continuous operation, no time is lost transferring laundry from washer to dryer, or carrying heavy, wet clothes to hang them on the line.

Costs less. Isn't it foolish to pay for duplicate parts? Since there's only one cabinet, one motor, only one unit to ship, the Washer-Dryer costs less than separate units with equal quality and life features. And it costs less to install one unit than two!

Stop in to see the complete line of Philco-Bendix Duomatics at your RG&E Appliance Center today.
