

Soviets Arrest Ukraine Prelate

Philadelphia — (NC) — Archbishop Josyf Slipyi of the Ukrainian archdiocese of Lvov, who was imprisoned 14 years by communists, has been arrested again and sentenced to seven years in a Siberian camp, the Ukrainian Catholic daily, America, has stated.

The 67-year-old Archbishop, according to America's report by Stephen Konrad, was tried at Kiev and sentenced to a "corrective" concentration camp because he sent a pastoral letter to the faithful in his archdiocese earlier this year.

Mr. Konrad said word of the new arrest and imprisonment came from several sources, each considered "completely reliable." The reports, he wrote, all agreed on the circumstances of the new arrest.

ARCHBISHOP Slipyi was first arrested in 1945 after Moscow Patriarch Alexei sent a letter to the bishops of the Western Ukraine urging them to give up their loyalty to Rome and to turn to the Orthodox Church under his dependence. The Archbishop led all the bishops in rejecting the proposal.

Shortly afterwards Archbishop Slipyi and all seven bishops of the Byzantine Rite of the Catholic Church in the Ukraine were arrested by Soviet police.

The Archbishop was sentenced after a trial in Kiev in April, 1945. The Soviet government destroyed his church, and the Sea with about 4,500 churches was transferred to the Orthodox.

Church. In 1949 the Byzantine Rite, which has about five million members in Western Ukraine was outlawed in the U.S.S.R.

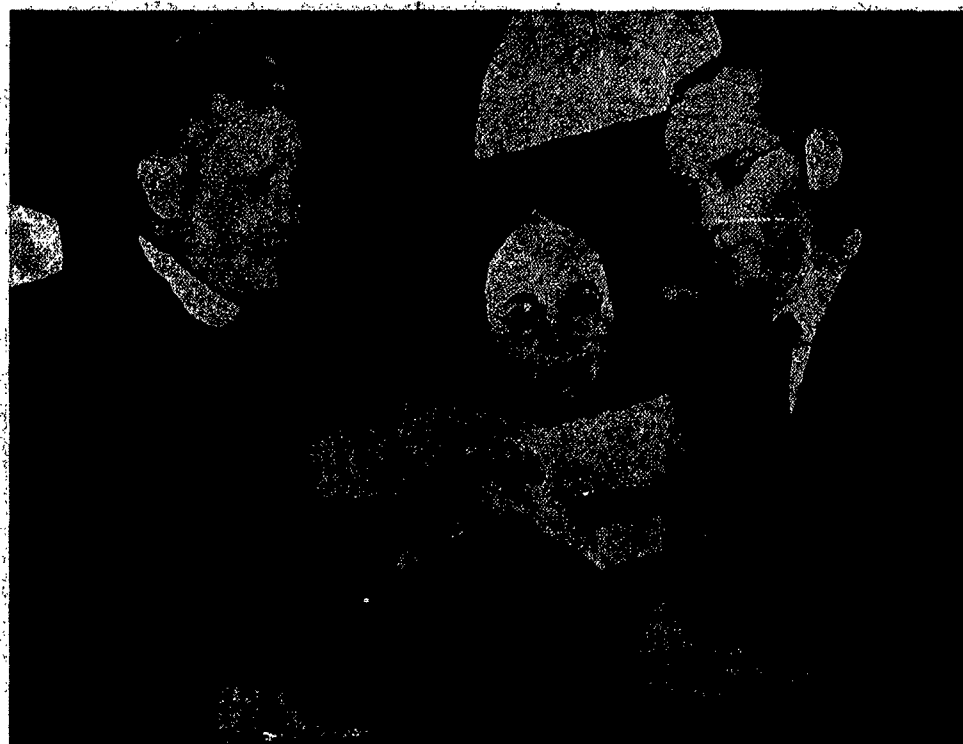

Archbishop Slipyi was given an additional sentence when he wrote a pastoral letter from the Soviet concentration camp at Vorkuta, to the faithful who continued to practice their faith in secret, America's report said.

Navy Uses Noodles

Hong Kong — (NC) — U.S. Navy men are helping to alleviate the hunger of Chinese refugees in Hong Kong by their contributions to "Operation Noodle."

Officers and men of the destroyer USS Black have collected \$300 to install machinery for a noodle "factory" in the parish of Father Cyril V. Hirst, M.M., missionary from Philadelphia.

Msgr. John Romanello, Maryknoll missionary, is building "noodle" factories here that turn millions of pounds of American relief flour, which the Chinese do not like in its pure form, into noodles that they enjoy eating.

Khrushchev, A Hypocrite

Cleveland — (RNS) — Father Leopold Braun, A.A., of New York, who spent 14 years as chaplain to American Catholics in Moscow, said that Nikita S. Khrushchev's recent warning to the Poles not to censure upon their priests is a more truthful reflection of his attitude toward religion than his frequent references to God during his U.S. tour.

The Assumptionist was the first American priest to go to Moscow under the 1933 Roosevelt-Lyndonov Agreement. He served there from 1934 to the end of 1945.

FATHER BRAUN pointed out in an interview here that the Soviet Premier's last full-length statement on religion in 1954 called for a "selective" intensification of the war against religion, even though, because of some phrases, newsmen unfamiliar with the context and the language interpreted it as a call for easing religious persecution.

The Soviet constitution has 78 distinct articles against religion, he said, as well as an article in the criminal code. Under the latter, a heavy fine and a jail sentence awaits anyone found teaching religion, he said.

Father Braun, who directs a Russian research and missionary development center in New York, called Mr. Khrushchev's visit to America "a day of national infamy." He charged that the Soviet Premier's proposal before the United Nations for disarmament was merely a propaganda device and that the Reds would resist vigorously any attempt at a workable international inspection commission.

"They have too much to hide," he said, both from the military viewpoint and from the viewpoint of human decency. "The concentration camps for political prisoners would surely be discovered," he added.

Under Khrushchev, Father Braun declared, "the political appetite" of the Soviets has not diminished. "Co-existence is absolutely impossible according to Communism's own principles," he declared.

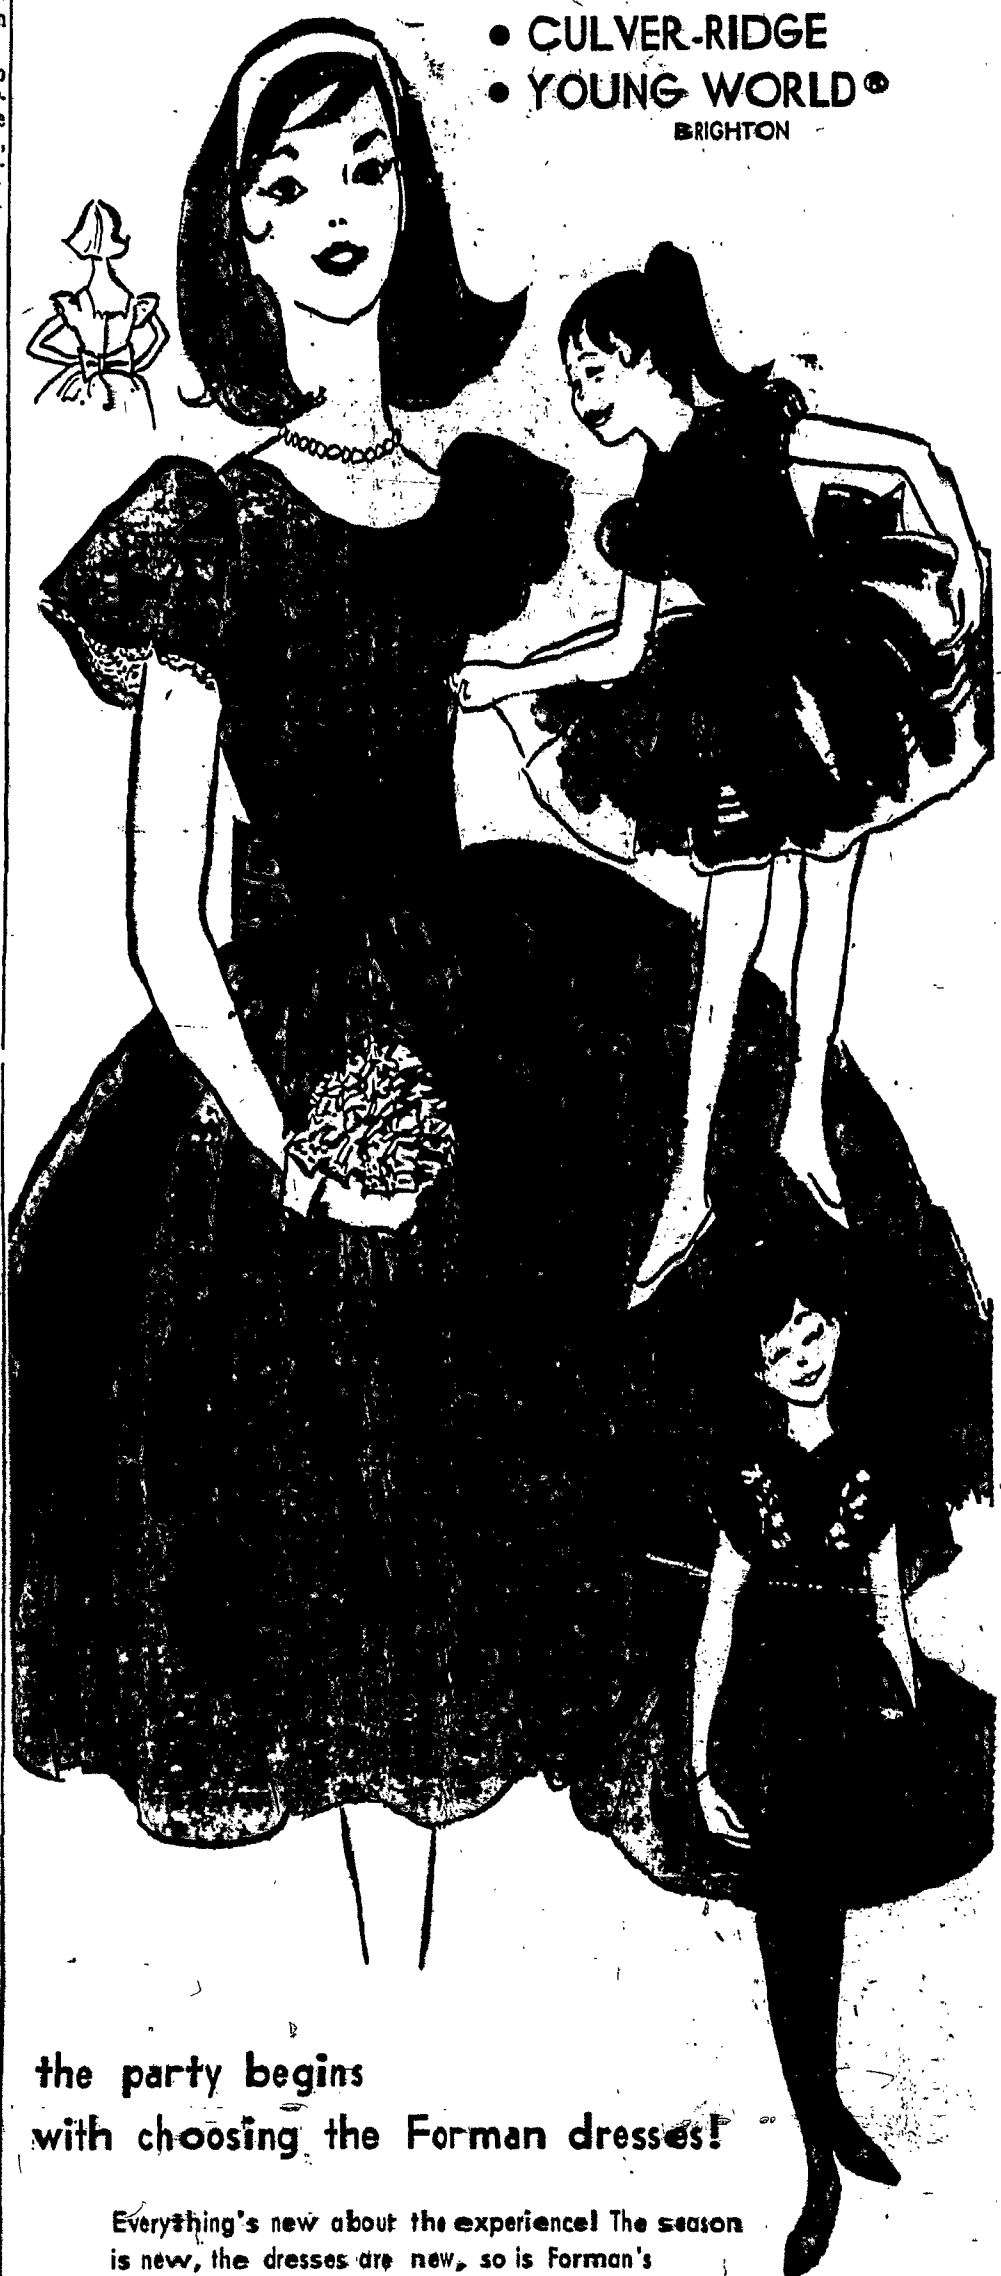

"If, by an accident," he continued, "any agreement would become a two-way street, the Soviets would immediately repudiate their signature — as have 52 times in the past."

Father Braun, who speaks fluent Russian, said that Mr. Khrushchev's interpreter is softening the Soviet chief's remarks in the U.S., especially his spontaneous outbursts when something displeases him.

"Trojanovsky (the interpreter) doesn't translate," he said. He interprets. The result is a polished, varnished, rubber-cushioned version of what is said."
