

White Mass Offered At Hornell

Hornell—The annual "White Mass" in honor of St. Luke, patron of physicians, was celebrated on Monday morning at St. James' Mercy Hospital Chapel. The staff physicians and dentists attended the Mass which was offered by Rev. William H. Hickey, hospital chaplain.

Nelson A. Rockefeller, Governor of the State of New York proclaimed October 18, 1959 as Physicians and Surgeons Day in the following words: "The eighteenth day of October, Feast of St. Luke, the 'beloved physician,' is by tradition a day dedicated to the medical profession. It is a privilege to observe this day. The medical profession, in ever increasing measure, earns our respect and appreciation. In no field have more wonderful advances been made. And it is worth recording that in our free society the standards of medicine are the highest in the world. The skill and knowledge of our surgeons and physicians are fully matched by the respect and integrity which prevails among them."

Because the Feast of St. Luke occurred on Sunday this year, its observance was transferred to Monday. Following the Mass, the doctors were invited to breakfast as guests of the hospital. In his address, Father Hickey said:

"It is most fitting that you join together in prayer to God, the Supreme Being and Father of us all — to adore Him, to thank Him for His manifold benefits, to ask His forgiveness for our transgressions and to petition His Grace and guidance on our work."

"Among many qualifications for men of your profession, two are most important: integrity and a sense of duty."

"You do not put yourself in place of God, the Creator and Sustainer of life. It is your place to keep men healthy and to preserve life whenever this is the Will of God."

"This you did this morning and we hope you do every day. In an era when the dignity of man has been threatened, when pragmatism dictates a subjective morality, the moral integrity of men like yourself stands as bulwark against wickedness. Indeed the very lofty reputation and respect your profession enjoys is a result of such religious Faith and moral integrity of men like yourselves."

"Often you are called out at night — and even during the few hours you can spend in the peace and quiet of your family circle. This dedication to the care of suffering humans cannot but be rewarded by God who said — 'As long as you did it unto these — you did it unto Me.'"

"It is true that perhaps you enjoy a greater measure of financial security in payment for your efforts. But whatever material comfort you enjoy is small recompense for the service you give to humanity. In this profession, your time is not your own."
