PRESENTS
Advent Wreaths \$3.95

The practice of using Advent Wreaths and decorating homes for the Christmas season was widely observed in European Countries during the 19th Century.

The Advent Wreath has just recently been adopted in America. Consisting of a wreath of greens, ribbon and four candles; three purple and one white, the Wreath can be suspended from the ceiling, hung on the wall or used as a table centerpiece.

However used, the Wreath serves as a daily reminder of the Christmas gift season, in preparation for giving on Christ's birthday.

Christmas Carpenters

Robert White (left) 8th grade, and Harold Naragon, 7th grader, proudly survey sample of their handiwork in providing all the classrooms in St. Michael's School here with Christmas cribs. Inspired a year ago by the suggestion of the Sisters that each class provide its own Christmas crib, the two boys did so well in making the crib for their classroom that the Sisters asked them to repeat the performance for the six other classrooms. The boys complied with equal efficiency and artistry. Also pictured is advent wreath provided for each classroom by the St. Michael's Mothers' Club. The children in each of the classes contribute to furnishing the interiors with statues and animal figurines.
