The clean-cut Catholic athlete scored a tremendous hit as he followed his interesting talk and question-and-answer period with a hour-long informal chat and autograph session with the young lads in attendance.

Stickles, a 6-4, 190-pound two-way end, this year capped a brilliant college career by being named to just about everyone's All-America team. The All-America list includes the one agency now being recognized for its detailed and experienced reasoning behind its selections, "The Sporting News."

THE 31-YEAR-OLD tough-knaps native was one of the stars starting ends in this year's annual Shrine Bowl Game at San Francisco. He booted two conversions in the series' most thrilling game as the West came from behind in the final three minutes to win, 21-14.

Stickles holds the distinction of being the only college lineman to be selected in the first round draft of both the standard National Football League
