

Aquinas Boy To Attend Atom Meet

An Aquinas Institute student and his science instructor were chosen to represent the private schools of the area at the Second Annual Youth Conference on the Atom currently being held in Chicago.

Daniel J. Forward, son of Mr. and Mrs. W. J. Forward, Jr., of St. Thomas parish, an Aquinas student, was selected on the basis of his scientific standing and deep interest in science. He will be accompanied by Rev. Albert Butler, C.S.B., chairman of the science department at Aquinas.

Forward and Albert Butler left yesterday aboard a jet airplane for the Chicago station and are expected to return Sunday.

THE CONFERENCE, sponsored by the Utilities Companies of America, is jointly arranged by the Rochester Gas and Electric Company.

Forward is a member of the Aquinas senior concert band, the St. Thomas Club, highest scholastic honor society in the school, the Cardinal Newman Library Club, the debating society, serves on the staff of the school newspaper and participates in a number of extracurricular school activities.

Highlight of the sessions will be a tour of the Argonne Laboratory and the Drexler nuclear power plant.
