THE WEEKLY NOTE FROM MR. PEPSI:

At the stroke of 11 o'clock on the morning of November 11, 1918, World War I came to an end. There was rejoicing throughout the world. In London, Paris, Rome and New York, huge crowds gathered to celebrate the end of the war that was "to make the world safe for democracy."

Thirty-five years later, the first Armistice Day, this generation has experienced a second world war, and has been shocked into the realization that war must never walk this earth again.

Can this Armistice Day, 1953, let us not just remember those who have died in past wars . . . but remember also that war is the future can not be a solution . . . only annihilation.
