WHO'S BEEN AT YOUR PIGGY BANK?

Every year, some of your tax money is poured into unnecessary federal "public power" dams and plants in remote areas of the U.S. This is money you might have saved—or spent for things your family needs. For there's no *need* for this federal electricity. Independent electric companies are ready and able to provide all the electricity the nation needs.

Who's behind this needless billion-dollar spending of tax money? The lobbyists for federal "public power," the bureaucrats, the socialists. Every time they push another "public power" project through Congress, *your* family is taxed to pay the bill.

What can you do? Spread the word about this needless spending of your money. If enough families speak out publicly, you can be sure something will be done about it.

Dodgers Slated For Comeback

The LA Dodgers finished fourth last year, 13 games off the pace much to the disappointment of their fans who had seen them cop the World Series only a season previous.

The mound staff, which is extremely strong, includes Don Drysdale (15-14), Sandy Koufax, Johnny Podres (14-8), Larry Sherry, Stan Williams, Roger Craig and Ed Roebuck.

Additional help is provided by such rookies as Jim Golden, Ed Palmquist and Pete Rickert. Manager Walt Alston could use many superlative adjectives to describe his current crop of throwers.

THE DODGERS, much like Pittsburgh, specializes in singles hitters, fielding deftness and speed on the basepaths. The infield is set with Norm Larker (.323) at first, Charlie Neal, at second, Maurey Wills, short and either Tommy Davis (.276) or incumbent Jim Gilliam at third. Gil Hodges will see part-time duty at first base.

The outfield has Wally Moon, Frank Howard, Willie Davis, Don Demeter and Duke Snider. The gigantic Howard is a power man and the heralded Willie Davis led the Pacific Coast in six departments, including a .346 average.

The new Washington Senators are not going to make a serious run in 1961. If they finish above any of the eight holdover teams it would be quite an accomplishment. Mickey Vernon, a 20-year big leaguer, is the new manager; he feels his team is respectable and very determined despite expected plight.

Dick Donovan (6-1) at Chicago, is currently the top pitcher. Ben Daniels, Hal Woodeshick and Joe McClain (ex-Wing) are shooting for starting berths. Dave Sisler and Peter Burnside, who combined for 12 wins at Detroit in '60 may both start and relieve.

The bullpen chores are delegated to Johnny Klippstein, Marty Kutyna and Rudy Hernandez.

DALE LONG and R. C. Stevens are expected to split the first base assignment. Coot Veal at short and Billy Klaus are likely starters; second base is still up for grabs.

Receivers Dutch Sotterer and Pete Daley are backed up by Gene Green who is presently having shoulder trouble.

The outfield, which appears solid, is headed by Gene Woodling (.283) at Baltimore, Willie Tasby, Marty Keough, Joe Hicks, Chuck Hinton and Jim King (.276) at Toronto, comprise the remainder of the fly-chasers.

The new Washington Senators are not going to make a serious run in 1961. If they finish above any of the eight hold-

Takes Tour Of England

Dr. Virginia Otto, assistant professor of French and Spanish at Nazareth College, is spending the Easter holidays abroad with her husband.

MR. AND MRS. OTTO flew from Rochester to New York on March 29, and took a jet plane from New York to London. In London, a car awaited them, and they are now driving about the English countryside.

Before leaving Rochester, Mrs. Otto said that she and her husband had no fixed itinerary in mind, but that they would journey leisurely and stay in spots which they found of interest.

A trip to Northern France, however, is included in their plans before they return to the United States on April 10.
