French Mistress Separate Classification Never Take Candy From a Stranger—The subject matter of this film deals with a perrenial sociological problem namely the mo estation of small children. Although treated with moral caution and without sansationalism the film could, in a mass medium of entertalnment, have a seriously harmful affect upon the very voung and uninformed unless accompanied by a parent. For this reason the advertising of this film carries the observation. "Notice to Parents-No child will be admitted unless accompanied by you."
