

NAZARETH COLLEGE this week welcomed the second member of the McCarthy family of Elmira to become a part of the current student enrollment. Registered as a freshman in this year's class is Miss Margaret McCarthy, (left) daughter of Mr. and Mrs. George T. McCarthy, 626 Decker Ave., a June graduate of Notre Dame High School in Elmira, who will work for her Liberal Arts degree at Nazareth. Like twenty-four other freshmen, Margaret will have an "upper classman" sister, Kathleen (right) a junior, who is a French major. Kathleen is also a graduate of Notre Dame High School, and is a member of the Nazareth College Glee Club.

Sister Act At Nazareth

Any number from one to four, upper class sisters, alumnae sisters, twin sisters—all possible sister relationships—can be found among the members of the present freshman class at Nazareth College.

Twenty-four members of the class of 1965, who began their studies this week, have preceded to Nazareth, or are being accompanied to college, by their sisters.

THE DISTINCTION of being the fourth member of the family to come to Nazareth College is shared by Susan Donnelly of Pittsford and Caroline Badger of Malone, N.Y. Susan's three sisters, Helen, Jane, and Karen, are all alumnae. Caroline has a sister Mary Ann, presently a junior at Nazareth, and two, Barbara and Margaret, who are members of the alumnae.

Among the "threesomes" are the Sullivan sisters of Geneva. Mary Ann is beginning her junior year at Nazareth, and Kathleen was a June graduate of DeSales High School in Geneva. The third Sullivan sister to receive her higher education at Nazareth is Martha, an alumna.

Martha, an alumna who was the 1958 May Queen. She is married to Dr. David Young, who recently received his Ph.D. in Chemistry from the University of Illinois, and who is now employed by Eastman Kodak Company.

Freshman-junior sister combinations include Jean and Patricia Bellini of Water Mill, N.Y., Margaret and Kathy McCarthy of Elmira, Pat and Gail Quinn of Geneva, and Linda and Charlotte Eastham of Flushing L.I.

The Friedland twins, Barbara and Joan of Bath can depend upon one another for support during their first confusing days of their freshman year, while the Wehage twins of Fairport, not only have each other, but can claim an alumnae sister, Leah, as well.

FRESHMAN Mary Stasko's sister Joan graduated in 1957. Kathryn McAvoy's sister Elaine was a member of the class of 1959, and Mary Barrett of Webster follows closely upon her sister, Kay, who graduated in June, 1961.

The formal opening of the CYO membership campaign will be held at Columbus Civic Center at 6:30 p.m. on Tuesday, Sept. 28 and there will be two report meetings on Thursday, Oct. 5 and Tuesday, Oct. 17 when final returns will be announced.

Pointing out the benefits of CYO membership, Chairman Sarkis told the team captains that he was himself a recipient of a sponsored membership, some years ago as the result of which he broke a barrier of self-consciousness, learned to play basketball and to swim and, through association with boys of his own age, absorbed many other benefits.

Father Hedges told students, following an interfaith banquet, Mass is offered each Sunday in Todd Union at 11 a.m. and Confessions are heard Saturdays 11 a.m. to 1 p.m.

Religion classes are held every Tuesday at 4:30 p.m. and Father Hedges is available for personal consultation Tuesdays and Wednesdays from 1 to 5 p.m.

Gas Range

30-Inch, Gold Star Gas Range

The Gold Star symbol on this range means that it meets at least 28 special requirements of the American Gas Association. These special features mean more convenient, more pleasant cooking for you. Here's why:

BURNER-WITH-A-BRAIN
You'll never have to worry about burned or overcooked food. The "Burner-with-a-Brain" makes an automatic utensil out of every pot and pan you own. Just set the burner to the temperature desired and the heat temperature you want is maintained—automatically.

SMOKELESS BROILING
Because the gas flame consumes all the smoke and grease, you get "Smokeless Broiling"—you broil with the door closed. No longer will you have a smokey kitchen. Meats will be tastier because the gas flame sears and seals-in the natural meat flavor.

LOW TEMPERATURE OVEN
With the new Low Temperature Oven Control you can get accurate oven temperatures down to 140°. Meals can be cooked in advance and kept hot without a hint of the "steam table" flavor. Foods can be kept warm without overcooking... roasts won't be ruined... won't dry out or shrink. At a setting of 155°, frozen foods can be thawed in a jiffy.

OTHER FEATURES
Automatic ignition in the oven, broiler and top burners. It's matchless! Three circle-simmer top burners each with four pre-set heat speeds: broiling, frying, simmer and keep-warm / Electric clock, 4-hour timer / and more.
