## End Winter Washday Worries

Install A New

# General Electric CLOTHES DRYER

Snow, rain, sleet or just "gloomy days" are no longer a problem on washday—not with your new General Electric Clothes Dryer. Day or night, in any weather, you can dry your clothes in a matter of minutes. Gone are the days of heavy, wet wash hanging in the basement or bathroom. Now all your wash can be dried soft and fluffy, more quickly in your new G-E Clothes Dryer.

With G-E's High Speed Drying System, your clothes are dried quickly and naturally. You get high speed drying at safe, low temperatures.

There are two heat settings on the Temperature Control: "High" for regular cottons and linens and "Low" for delicate garments. The special "Fluff" settings on the Timer Dial allows you to rotate pillows, bedspreads, etc. in the clothes basket without heat.

See the quality G-E features on this budget priced dryer at your RG&E Appliance Center soon.

## G-E "Frost Guard" Refrigerator-Freezer

You'll never need to defrost again

—not even—

in the big zero degree freezer

TB 403 V

**\$319.95**

Budget Terms to 30 Months

As Little As \$11.64 a Month

Everybody hates to defrost their refrigerator—and you can't blame them! It's a messy job! But, now, with your new G-E, 2-door refrigerator-freezer you never need to defrost again because frost never forms! Just imagine—no more messy dripping! No spilling water on the floor! No more wrestling with chunks of ice! No more frosted food packages... now you can tell at a glance just what frozen food packages you have in the freezer section. The ice tray rack is located at the top of the freezer to simplify removal of the trays... no unloading or rearranging of food is necessary.

The roomy 10.1 cu. ft. refrigerator section features twin-porcelain vegetable crispers (each hold 1/3 bushel), keep your fruits and vegetables dewy-fresh for days... no more limp lettuce or saggy celery. Shelves on the door put small items within easy reach. The removable egg rack holds a dozen eggs. A separate butter compartment holds a full pound of butter in its own serving dish.

There are no coils on the back. It fits flush at the rear and lines up in front with your kitchen cabinets. You can locate your new G-E refrigerator next to a wall because there is no wasted space for door clearance at the side. Because you can fit it flush against the wall, hard-to-reach, dirt-catching areas are eliminated. Now, with straight-line design, you can have a neater, trimmer kitchen.

You should buy now! The 1962 models will be on the market soon so we made a special truckload purchase of this model and can pass the savings on to you. It's at a new low price! It's a wonderful buy!
