Sister Dominic, librarian, and Sister Austin will attend the all-day conference of the Resources and Technical Services section and College and University Libraries section of the state organization.

Teacher's Role Stressed for SSND

The teacher's role today and how to fulfill it were emphasized in the School Sisters of Notre Dame Convocation at Holy Redeemer School Conference Hall, yesterday, Oct. 11. Very Rev. Msgr. Joseph E. Vogt, pastor geared the teachers for a day of spiritual and pedagogical progress by his opening prayer and welcome at 9:45 a.m.

Sister Superior Mary Leonard spotlighted the teacher's role and advised each teacher to take personal inventory. In a word, she said, the teacher should contemplate occasionally his role as a teacher, know himself and help pupils know and use their potentialities. The teacher shares himself and the pupil grows and develops in terms of what he is and what he knows.

Morally, the teacher's function is to guide the pupil to freedom through knowledge, the teachers were told. For there can be no freedom without knowledge. "The truth shall make you free," was quoted.

FOR INSTANCE, through knowledge of himself, the pupil gains freedom from his impulses and instincts, and learns to act by principle; freedom from ignorance of his own potentialities which may lead him to set goals too low or too high for himself. Finally freedom from irrational fears of himself and his own limitations.

Again, Sister declared, through knowledge of the world about him, the pupil gains freedom to choose his life's work; freedom to tolerate frustration; freedom to meet challenge on the basis of the satisfaction and happiness it will bring him, rather than on the basis of the security it will bring him; freedom to accept constructive change and not fear it; and freedom to face reality and not avoid it.

Sister M. Dorothea, S.S.J., mathematics department head, Nazareth College led the teachers to "Modernize Mathematics" in her talk, "Revitalizing Mathematics." The new trend, she said, does not mean "Down with the old method," but surges through the very motions and mental workings of arithmetic, a new understanding. In some cases it is a short cut to instant mathematics.

Discussion of the field of science, teachers were told, is heightened by astronauts circling the earth in orbit more than once a year. Lawrence Rapp of the faculty of Bishop Kearney High School, science and biology department talked on "Science Opportunities Are Knocking." Mr. Rapp covered grades from one to eight and demonstrated experiments easily performed in the classroom. He also referred to the "tremendous wealth" of science and social studies specimens in the Rochester Museum where he was a staff member some years ago.

Sample specimens, he explained are: Grade 8 — South America; Grade 7 — Africa; Grade 6 — Mediterranean Lands such as Ancient Egyptian Seaport, 12th Dynasty Boat, Egyptian Treasurer; Rialto Bridge, Sicilian Cart, Roman Merchantman, Mediterranean Costumes; Grade 5 — A case showing Antarctica; another showing an Aztec Market Place; a Mexican array of treasures; Grade 4 — An assortment of items explaining Early Rochester; the interior of a Canal Packet Boat; Grade 3 — Plains Indians, Southwestern Pueblo Indians; Grade 2 — Dolls in costumes and of Other Lands;

Book on Problems Notre Dame — The impact of racial prejudice, interreligious tensions, alcoholism and narcotic addiction on American life is explored in "Social Problems: A Situational-Value Approach" (Prentice-Hall), a new college text by Prof. J. Kane, head of the University of Notre Dame's department of sociology.

MISSION SUNDAY October 21

The Society For The Propagation Of The Faith

Established in 1822

For information about the Society you may write to:

REV. JOHN F. DUFFY
DIOCESAN DIRECTOR
50 CHESTNUT STREET
Rochester 4, New York

WHAT IS MISSION SUNDAY?

A Sunday set aside by the Holy Father for Catholics throughout the world to familiarize themselves with The Society For The Propagation Of The Faith and the Catholic Missions.

WHAT IS THE SOCIETY FOR THE PROPAGATION OF THE FAITH?

"An International Organization authorized by the church to help support the Catholic Missions." The first contribution gathered by the Society in 1822 was sent to missions in Louisiana and Kentucky. The Society is established in EVERY DIOCESE IN THE WORLD.

HOW CAN WE HELP THE MISSIONS?

We can help the Missions by enrolling in the Society, by prayer, by alms and by encouraging vocations to a missionary life.

WHAT DO YOU MEAN BY A MISSIONARY?

One who is sent by the Church to preach the Gospel to those who have not yet heard the message of Christ. Some work in their own countries and may be called Home Missionaries; others labor in foreign countries, mostly pagan lands; they are the Foreign Missionaries.

WHAT IS A MISSION?

In a general way "Mission" means the united efforts of the Catholic Church (both Clergy and Laity) to convert all men to true Christianity. In particular "Catholic Missions" are the places where these efforts are being carried out. More particularly, "Catholic Missions" refer to the efforts as they are carried out among Pagan and Non-Catholic peoples.

WHAT HELP DOES THE SOCIETY GIVE TO MISSIONS?

The Society helps the missions through alms and prayer. The most important help is prayer.

HOW ARE THE ALMS DISTRIBUTED TO MISSIONS?

By an international committee chosen by the Pope. This guarantees the impartiality of the distribution and makes certain help is given where it is needed most, to missionaries of all nationalities without exception.

WHERE DOES THE SOCIETY GET ALMS FOR THE MISSIONS?

Alms come from gifts, legacies, etc. But the chief income is the annual offering of the members of the Society: Ordinary \$1 annually; Special \$6 annually (may include 9 other members living or deceased); Perpetual \$40 for an individual; Family Perpetual \$100 (limited to mother, father, their sons and daughters living or deceased).

WHAT HAVE THESE ALMS DONE SO FAR?

The Society with its 100,000 missionaries, aids 65 million people throughout the world and maintains:
1,200 Hospitals
350 Leprosaria
45,000 Elementary Schools
5,000 High and Superior Schools
1,100 professional Normal Schools
2,000 Orphanages
280 Homes for The Aged
3,400 Dispensaries

HOW DOES THE SOCIETY HELP MISSIONS BY PRAYER?

All Society members are requested to say daily, one "Our Father" and "Hail Mary" and also the ejaculation "Saint Francis Xavier, pray for us".

WHY DOES THE SOCIETY USE THIS PARTICULAR EJACULATION?

On November 10, 1909, Saint Plus X designated St. Francis Xavier the great missionary of the modern period as Patron of the Society for the Propagation of the Faith. St. Theresa, the Little Flower, was made patroness of the Catholic Missions by Pope Plus XI.

WHAT IS NECESSARY TO BE A GOOD MEMBER OF THE SOCIETY?

TO PRAY DAILY FOR THE MISSIONS AND TO GIVE ALMS. Payment of dues is not enough, the daily prayer is part of membership obligation.

WHY MUST WE BOTH PRAY AND GIVE ALMS TO THE MISSIONS?

On May 3, 1822, at a meeting of fervent French Catholics in Lyons, it was decided to adopt the plan which a pious French girl, Pauline Jaricot, had inaugurated to aid the Missions... a prayer a day, an alms a month.

WHAT BENEFITS CAN BE GAINED BY SOCIETY MEMBERSHIP?

Besides the personal satisfaction of aiding in the work of Christianization, members gain many indulgences and share in 15,000 masses offered annually as well as benefiting from the prayers and good works of the missionary priests, brothers and sisters whom they aid.

MAY DECEASED PERSONS BE ENROLLED IN THE SOCIETY?

Yes, the deceased may be enrolled by their family or friends as Ordinary, Special or Perpetual members and share in the spiritual benefits.
