A New Year, A New Heaven And A New Earth
THE NEW YEAR brings with it the desire to make it a better
one—to bring about, as it were, a new heaven and a new earth.
Problems seem so big. Evil seems so
overwhelming. St. Theresa, the Little
Flower, gives us the method. Do lit-
tle things, say prayers, make little
sacrifices... Why not make this com-
ing year one to help the CATHOLIC
NEAR EAST MISSIONS? We have
been entrusted by our Holy Father
with the care of the priests and sis-
ters and missions in the NEAR and
MIDDLE-EAST COUNTRIES... A
very special way you can aid in our
work is to sponsor the training of a
seminarian or a novice... \$2 a week
pays for the education of a seminarian, \$3 a week for a novice.
It takes six years to train a seminarian, two for a sister...
You may send the help each week or each year, \$100 a year
for the seminarian, \$150 for the novice... What better way to
work for a new heaven and a new earth. Meanwhile may we
send you our hearty thanks for all the prayers and sacrifices
you have made to help our work. Solely because of you we can
go on year after year aiding these missions.

NEEDED: A SMALL LEBANESE CHURCH. In Lebanon, most
Catholics are of the Maronite rite. The Liturgy or Mass is a
marvelous blending of prayers, hymns, bells and cymbals. The
language is Syriac, the same which Christ used, a wonderful
link with the Last Supper... In the Lebanese village of Al-
soula, 300 poor Maronites have been trying for years to build
a small church, one-12 by 10 yards in length and width. Since
they have only their labor to give, progress has been painfully
slow. Their neighbors jibe at them, calling their work a phan-
tom church... Won't you help them complete it?... \$2,000
is needed... Lebanon is the land which supplied the cedars
for Solomon's Temple... Won't you help supply the materials
for Christ's Temple... Please send your help now. Thanks

ECUMENICAL COUNCIL. Dramatic stories and pictures have
come out of Rome these past few months. The largest Council
in Church history has a special meaning for us at the CATHOLIC
NEAR EAST WELFARE ASSOCIATION. One of our founders,
Father Paul James Francis of Graymoor, originated the CHAIR
OF CHURCH UNITY OCTAVE. For fifty years, Catholics and
their separated brethren have prayed for unity in their different
churches. The octave takes place each January from 18th, the
Feast of St. Peter's Chair to January 25, the Feast of St. Paul's
conversion... You can foster this spirit even further by join-
ing our association. You will share in the benefits of some 15,000
Masses of our missionaries. Individual membership is \$1 a year;
\$20 for a life-time. Family membership is \$5 a year; \$100 for a
lifetime.

PLEASE REMEMBER US IN YOUR WILL. OUR LEGAL
TITLE IS THE CATHOLIC NEAR EAST WELFARE ASSOCIA-
TION. YOUR MASS OFFERINGS ARE SOUGHT. OFTEN
THEY ARE THE MISSIONER'S SOLE SUPPORT FOR THE
DAY.

Thru The Looking Glass
Mothers-To-Be
By LOUISE WILSON

Louise Wilson, Women's Editor, is heard twice daily on
Station WHAM 9:10 a.m. and 1:15 p.m.

Just as the plainest looking girl is radiantly pretty on her wedding day, so is she never more beautiful than when she is expecting her baby. Yet this is the time when she doesn't feel very beautiful at all. Although most normal problems of pregnancy have now been brought under control by the amazing advances of medicine, some annoying skin problems on the body still exist. These tend to be dryness, itching and tautness on the abdomen, hips and upper thighs.

Frequently, little red lines called "stretch marks" appear and remain as ridges and white lines after the baby comes. It is true that these stretch marks are really a beauty problem. And we feel the expectant mother is entitled to a little vanity. Happily, a new product has just been brought to our attention which has been developed to bring relief for these problems. It has the obvious name, "Mother-To-Be" body lotion and it is intended for pre-natal skin care.

WHAT CAUSES these problems? First of all, when the body stretches, as it does in pregnancy, the skin loses its elasticity. The little fibrils that lie just beneath the surface can break like an overstretched rubber band. This is the way it has been explained to us. Authorities go on to say that these conditions are often more severe with later pregnancies than with the first. (As we grow

older the skin becomes less elastic. And this, of course, is what results in squint lines and crowfeet around the eyes, crinkles around the mouth.)

Because it helps preserve the elasticity of the fibrils in the dermal layers of the skin, Mother-to-Be Body Lotion helps correct dryness, minimizes itching, relieves tautness and tends to modify stretch marks. And it is ideal for the massage so often recommended by physicians.

And after delivery, when her figure returns to normal, her skin also comes "back into shape" quite readily. The new mother's favorite clothes look lovely on her again.

TESTED AND approved by some obstetricians and dermatologists, Mother-To-Be lotion marks the breakthrough in a highly specialized area of skin care that, as far as we know, has been practically ignored until now. The result of years of study of the particular problems of the expectant mother, it is the product of the Professional Division of Frances Denney whose cosmetics and skin care preparations have been known for quality and performance for over sixty-four years.

In addition to this new product, some of the old, time-tested tips still apply for the mother-to-be: to help you look even better while you're waiting, remember to be even more meticulous than before. Frequent shampoos and showers; light, delicate makeup and not just when company comes! The flattering of soft, frilly collars for purposes of distraction. Wearing the same size dresses in maternity fashions as you wear normally. There is nothing that can keep a stork-minded lady's spirits down more than ugly, ill-fitting clothes! A few, well-chosen, will see you through the many months of waiting, prettily and happily!
