meeting here for briefings before the second session of the council the ecumenical council, generally felt that a council in July, a group of experts statement on religious liberty would be opportune.

A spokesman said the Bishops among other items of a University to prepare had discussed the usefulness of a statement by the counceparts for the Canadian Bish-cil setting forth thie theological bases of religious liberty.

There was agreement, the spokesman said, that the Archbishop John J. Rrol of key point in a theology of religious liberty is the necestive that the individual's acceptance of faith be free and

Bishops who are members of the various commissions of the ecumenical council presented reports to the meeting on the streamlining of commission schemata which have been revised since the council's first session ended early in December.

THE BRIEFING deals with such subjects as the liturgy, the missions, amminates and schools, and the office of the
