BROTHER GRIFFIN

Divine Word Brother Marks Golden Jubilee

Census — Brother Aloysius Christian, S.V.D. (the former Michael Zentko) celebrated his Golden Jubilee at a Divine Word Mission on Sunday, Dec. 8 at Divine Word Seminary, Conesus. The Mass of Thanksgiving was offered at 9 a.m. and at noon he was honored with a banquet attended by the priests and Brothers of the community and friends.

Brother Aloysius, S.V.D. has been at Conesus for over 22 years, having been assigned to the seminary in 1941. In recent years, his rheumatism has slowed him down a bit, but he has remained bright and cheerful.

Having joined the Divine Word Mission at the first American Mission Seminary in Techon, Ill. on May 10, 1911, he made his First Vows as a missionary Brother there on Dec. 8, 1915. Born Sept. 29, 1888 in Szepes-Merény, Hungary, the former Michael Zentko, the third in the family of three children, attended grade school in Hungary. But when his mother, Maria Labuda, died, his father, Joseph Zentko took the children to America and set

he remarried and Michael received two more sisters and a brother. Two of them, Andrew Szolovay and Mrs. Joseph Hozak, still live in Pittsburgh. His father has since died.

When Michael was 23, he was a budding mechanic and decided to dedicate his skills to the work of the mission. Thus, he applied to the seminary at Techon, Illinois and was admitted in 1911, made his First Vows in 1915 and his Perpetual Vows Dec. 8, 1919.

In his first years at Techon, he worked in the printing shop as an electrotypist from 1911-1913. After he took his vows, he was re-assigned since he was an accomplished Locksmith and fine tool mechanic. But he also put his hand and heart to the mechanic's trade. He turned up at the Seminary whether it was a plumbing job or an electric failure or repair.

For ten years, 1931-1941, he was assigned to Divine Word Seminary, Girard, Pa. In 1941 he was appointed to Conesus where there was much more work to be done in the mechanic shop, especially in the training of young Brothers and future priests.

DON'T LET HER BE TRAPPED

"DOING DISHES"

Get an automatic dishwasher... it's the gift of a wifetime

Don't let her be trapped "doing dishes" day after day. You can free her from daily dishwashing drudgery with an automatic dishwasher. During this holiday season she'll be especially pleased with an automatic dishwasher because it will give her more time to spend with family and friends, more time to enjoy all the holiday fun.

Holiday time is not the only time your wife can use a modern automatic dishwasher. Just think of the many extra hours a week she saves (over 7 hours!) by letting the dishwasher do all the dirty dish work. Using water hotter than the hands can stand throughout several washing and rinsing cycles, an automatic dishwasher gets dishes cleaner and more germ-free than even the most careful hand-dishwashing.

There are many brands and several types of automatic dishwashers on the market today. A "portable" rolls to the sink, then out of the way when not in use; a "built-in" is custom fitted into your kitchen design; and the "convertible" can be used as a portable now and built-in later. Choose the brand and model best suited to your needs. Make this holiday season one of the most enjoyable ever—especially for Mom.

P.S. And kids, if you can talk Dad into giving Mom an automatic dishwasher, your hand-dishwashing days will be over, too!
