GOD LOVE YOU!

By MOST REV. FULTON J. SHEEN

Our Blessed Lord fed the multitudes who followed Him into the desert and then talked to them about the Eucharist. He fed their hunger of body, then their hunger of soul. Some such procedure has to be followed in many mission lands. One missionary informed us that it took him a full year to find land on which to start a mission. Everyone in the neighborhood declared himself ready to help, but they also told him there was not a single inch of land to be sold.

"I, myself, could see a lot of useless, uncultivated land," the missionary wrote. "But you would think it was gold because the owners would not sell it at any price. This was their way of saying, 'Who are you? What do you want? We don't trust you and we don't want you.'"
"When I was at the end of my rope, God opened a door. Someone in the village, knowing I had a dispensary, had sold one of the older men that I was a first-class doctor who could perform miracles with my medicines from abroad. The old man's son was dying, all administrations of the herbicide had failed, and the boy became weaker every day."
"Since the boy was the only son and heir, the father was willing to pay any price to have him cured. I found him in deplorable condition, suffering from dysentery, fever and anemia. Much of God's help would be needed to save his life. The parents agreed that I must try. I stayed with him for three days, and the antibiotics performed a real miracle. After that many sick were brought to my tent. The only limit to my activity was the small quantity of medicines."
"Without saying anything, people understood that if I could get a piece of land, I would open a dispensary and give them medicines, which they had never had before. The next evening, some of the elders came and gave me some very fine land at a reasonable price. After two years, I built a church. Now after eight years, it is a promising parish."

The corporal works of mercy are in the underprivileged lands, the condition of spiritual work. Without in the United States it is different. It is our Faith which must dictate our work; it is our love of Christ which must inspire self-denial to bring food to the starving. How does your Faith measure up to this test? Answer that question by sending your sacrifice to the Society for the Propagation of the Faith.

GOD LOVE YOU to Mr. and Mrs. J.L.C. for \$5 "My husband gave up smoking after 20 years! Here is the first installment of the money he would have spent on cigarettes." ... to Mr. W. for \$5 "I received this in the Mission. If my favor was granted, it was" ... to Mrs. E.M. for \$10 "For the education of a priest in Africa." ... to M.M. for \$100 "This is the sum of all my loose change this year."
