This bread may very well make the best toast you ever tasted...

Monks' Bread has a flavor you can't toast away. It has a goodness you don't find in most bread. It's a bread that wasn't meant to be sold. It began as simple sustenance for the monks at the Abbey of the Genesee - men who eat no meat, no fowl. All the good things the monks baked into their full-flavored loaf naturally toast up better.

Try Monks' Bread tomorrow, toasted.
